

## Catching Fire Wordpress

Neelam's hysterectomy at thirty hastens her into a sexless middle age and changes her relationship with her husband Ari. Their marriage remains stagnant until an unexpected telegram announces the visit of Ari's ex-girlfriend Esha. By coincidence, their college professor Mahanam also arrives at their doorstep bearing an uncanny resemblance to Ari's daughter. Events conspire to send all of them on a trip to Ajanta and Ellora where ancient stories spark memories of lost love and betrayal. Both deeply philosophical and playfully dramatic, *The Fifth Man* is a bittersweet meditation on middle-age desire.

The author of the National Book Award-winning *Rachel and Her Children* and *Amazing Grace* continues the personal journeys of inner-city youths who have struggled to work through formidable racial and economic inequalities while approaching adulthood. 60,000 first printing.

Legions of web designers and developers are choosing WordPress for building sites. That's because it's powerful, reliable, flexible, scalable—and more. This book is your complete guide to mastering WordPress theme development, covering everything from installation to leveraging the community and resources to improve your WordPress skills for years to come. You'll learn how to: Install WordPress and work on a development server Create site plans and content architecture Develop basic through advanced WordPress themes Maintain responsive design integrity Implement the right plugins Convert an already-built website to a WordPress-powered theme Get involved with the WordPress community With detailed explanations, real-life examples, and step-by-step tutorials, you'll find everything you need to build and deploy WordPress-powered websites with no prior server-side or WordPress development experience. An in-depth and comprehensive take on WordPress, covering everything about the platform such as WordPress posts, pages, themes, plugins, and more. Key Features Get up to date with the latest WordPress 5.0 (Bebo) and all its new features Beginner-friendly layout and advice you can apply from day one with loads of screenshots and examples Enrich your development experience with the new block-based editor Gutenberg Book Description Back in the day, when you wanted to launch a new website, you either had to learn web programming yourself or hire a professional who would take care of the whole process for you. Nowadays, with WordPress, anyone can build an optimized site with the least amount of effort possible and then make it available to the world in no time. Here, in the seventh edition of the book, we are going to show you how to build great looking and functional websites using WordPress. The new version of WordPress – 5.0 – comes with a few important changes, and we tell you all about how to use them effectively. From crafting content pages using the block editor, and customizing the design of your site, through to making sure it's secure, we go through it all. The book starts by introducing WordPress and teaching you how to set it up. You are then shown how to create a blog site, start writing content, and even use plugins and themes to customize the design of the site and add some unique elements to set it apart. If you want to get more in-depth, we also show you how to get started creating your own themes and plugins. Finally, we teach you how to use WordPress for building non-blog websites. By the end of the book, you will be sufficiently skilled to design high-quality websites and will be fully familiar with the ins and outs of WordPress. What you will learn Learn to adapt your plugin with the Gutenberg editor Create content that is optimized for publication on the web Craft great looking pages and posts with the use of block editor Structure your web pages in an accessible and clear way Install and work with plugins and themes Customize the design of your website Upload multimedia content, such as images, audio, and video easily and effectively Develop your own WordPress plugins and themes Use WordPress to build websites that serve purposes other than blogs Who this book is for The ideal target audience for this book would be PHP developers who have some basic knowledge of working with WordPress and who want to get a comprehensive practical understanding of working with WordPress and create production-ready websites with it.

Given the continuing cataclysmic shift in the economic landscape in the last few years, librarians have been forced to reevaluate not only the traditional services that they offer but also their continued existence and relevance to their academic institutions. Given the 'new normal' of tighter constraint on personnel and materials budgets, librarians now are compelled to find new ways of offering services and forging new relationships with departments and programs outside the traditional library setting. This volume highlights a number of projects being implemented in academic libraries including: rethinking the entire concept of a library, redefining physical space for new collaborative uses, adapting entrepreneurial techniques to acquire funding, creating new research tools and improving services, forging new consortial partnerships, allying more closely the mission of the library with that of the institution, and adapting public library programs to academic libraries. By re-examining the purpose of an academic library under continuing financial duress, librarians can ensure that their libraries will continue to have relevance to higher education. This book was published as a special issue of *College & Undergraduate Libraries*.

The third instalment to the global #1 bestselling series. As the King of Adarlan's Assassin, Celaena Sardothien is bound to serve the tyrant who slaughtered her dear friend. But she has vowed to make him pay. The answers Celaena needs to destroy the king lie across the sea Wendlyn. And Chaol, Captain of the King's Guard, has put his future in jeopardy to send her there. Yet as Celaena seeks her destiny in Wendlyn, a new threat is preparing to take to the skies. Will Celaena find the strength not only to win her own battles, but to fight a war that could pit her loyalties to her own people against those she has grown to love? This third novel in the *THRONE OF GLASS* sequence, from global #1 bestselling author Sarah J. Maas, is packed with more heart-stopping action, devastating drama and swoonsome romance, and introduces some fierce new heroines to love and hate.

Taking WordPress to the next level with advanced plugin development WordPress is used to create self-hosted blogs and sites, and it's fast becoming the most popular content management system (CMS) on the Web. Now you can extend it for personal, corporate and enterprise use with advanced plugins and this professional development guide. Learn how to create plugins using the WordPress plugin API: utilize hooks, store custom settings, craft translation files, secure your plugins, set custom user roles, integrate widgets, work with JavaScript and AJAX, create custom post types. You'll find a practical, solutions-based approach, lots of helpful examples, and plenty of code you can incorporate! Shows you how to develop advanced plugins for the most popular CMS platform today, WordPress Covers plugin fundamentals, how to create and customize hooks, internationalizing your site with translation files, securing plugins, how to create customer users, and ways to lock down specific areas for use in corporate settings Delves into advanced topics, including creating widgets and metaboxes, debugging, using JavaScript and AJAX, Cron integration, custom post types, short codes, multi site functions, and working with the HTTP API Includes pointers on how to debug, profile and optimize your code, and how to

market your custom plugin Learn advanced plugin techniques and extend WordPress into the corporate environment.

In 1932, Mittie Maude Lena Gordon spoke to a crowd of black Chicagoans at the old Jack Johnson boxing ring, rallying their support for emigration to West Africa. In 1937, Celia Jane Allen traveled to Jim Crow Mississippi to organize rural black workers around black nationalist causes. In the late 1940s, from her home in Kingston, Jamaica, Amy Jacques Garvey launched an extensive letter-writing campaign to defend the Greater Liberia Bill, which would relocate 13 million black Americans to West Africa. Gordon, Allen, and Jacques Garvey—as well as Maymie De Mena, Ethel Collins, Amy Ashwood, and Ethel Waddell—are part of an overlooked and understudied group of black women who take center stage in *Set the World on Fire*, the first book to examine how black nationalist women engaged in national and global politics from the early twentieth century to the 1960s. Historians of the era generally portray the period between the Garvey movement of the 1920s and the Black Power movement of the 1960s as one of declining black nationalist activism, but Keisha N. Blain reframes the Great Depression, World War II, and the early Cold War as significant eras of black nationalist—and particularly, black nationalist women's—ferment. In Chicago, Harlem, and the Mississippi Delta, from Britain to Jamaica, these women built alliances with people of color around the globe, agitating for the rights and liberation of black people in the United States and across the African diaspora. As pragmatic activists, they employed multiple protest strategies and tactics, combined numerous religious and political ideologies, and forged unlikely alliances in their struggles for freedom. Drawing on a variety of previously untapped sources, including newspapers, government records, songs, and poetry, *Set the World on Fire* highlights the flexibility, adaptability, and experimentation of black women leaders who demanded equal recognition and participation in global civil society.

Raised to be fierce dragon slayers, two sisters end up on opposite sides of the impending war when one sister forms an unlikely, magical bond with a dragon in this standalone YA contemporary fantasy that's perfect for fans of *Slayer* and *Sorcery of Thorns*. Dani and Eden Rivera were both born to kill dragons, but the sisters couldn't be more different. For Dani, dragon slaying takes a back seat to normal high school life, while Eden prioritizes training above everything else. Yet they both agree on one thing: it's kill or be killed where dragons are concerned. Until Dani comes face-to-face with one and forges a rare and magical bond with him. As she gets to know Nox, she realizes that everything she thought she knew about dragons is wrong. With Dani lost to the dragons, Eden turns to mysterious and alluring sorcerers to help save her sister. Now on opposite sides of the conflict, each sister will do whatever it takes to save the other. But the two are playing with magic that is more dangerous than they know, and there is another, more powerful enemy waiting for them both in the shadows.

Change carries us into uncharted territory. We can often feel adrift in such borderlands. Scripture, however, offers rich resources for navigating these times. The biblical narrative of the great fifty days from Easter to Pentecost, forms a map for the adventure of spiritual growth. Tracking the tumultuous and deeply human journey of the disciples through these days, *Borderlands* is for all who are experiencing periods of transition or who seek to progress in their faith. Poetic and passionate in language, and authentic about the challenges posed by change, this frank book aims to inspire and stir our appetite for passing from one life stage to another. Combining revealing insights from literature, psychology and other fields, Mark Brickman offers an incisive reading of Scripture that can enrich life in flux. Be equipped for a transformative journey into deeper identification with Christ and the fullness of life that he brings

Technology scholars declare an emergency: attention must be paid to the inequality, marginalization, and biases woven into our technological systems. This book sounds an alarm: we can no longer afford to be lulled into complacency by narratives of techno-utopianism, or even techno-neutrality. We should not be reassured by such soothing generalities as "human error," "virtual reality," or "the cloud." We need to realize that nothing is virtual: everything that "happens online," "virtually," or "autonomously" happens offline first, and often involves human beings whose labor is deliberately kept invisible. Everything is IRL. In *Your Computer Is on Fire*, technology scholars train a spotlight on the inequality, marginalization, and biases woven into our technological systems.

The second book in Suzanne Collins's phenomenal and worldwide bestselling *Hunger Games* trilogy.

*On Fire at Work* flies in the face of other books on workplace culture by showing that employee engagement isn't the ultimate goal—it is merely the starting point. Renowned leadership expert Eric Chester has gone straight to the source—top-tier leaders of the world's best places to work to uncover their best practice strategies for getting employees to work harder, perform better, and stay longer. *On Fire at Work* features examples and original stories from exclusive personal interviews with over 25 founders/CEOs/presidents of companies like Marriott, Siemens, BB&T Bank, Wegmans, 7-Eleven, Hormel, Canadian WestJet, Ben & Jerry's, and The Container Store, along with smaller companies like Firehouse Subs, the Nerderly, and Build-A-Bear. The guiding principle is that any organization in any industry—from Fortune 500 firms to mom-and-pop shops—can learn how to bring out the very best in their employees. The book's content-rich research and conversational case study-based narrative make it a timely, actionable go-to reference on employee performance and productivity for C-level execs, corporate and government managers, HR professionals, and small business owners. *On Fire at Work* is a practical field guide that any organization can implement to build, not an engaged workforce, but a workforce that is on fire!

The rise of YA dystopian literature has seen an explosion of female protagonists who are stirring young people's interest in social and political topics, awakening their civic imagination, and inspiring them to work for change. These "Girls on Fire" are intersectional and multidimensional characters. They are leaders in their communities and they challenge injustice and limited representations. The Girl on Fire fights for herself and for those who are oppressed, voiceless, or powerless. She is the hope for our shared future. This collection of essays brings together teachers and students from a variety of educational contexts to explore how to harness the cultural power of the Girl on Fire as we educate real-world students. Each essay provides both theoretical foundations as well as practical, hands-on teaching tools that can be used with diverse groups of students, in formal as well as informal educational settings. This volume challenges readers to realize the symbolic power the Girl on Fire has to raise consciousness and inform action and to keep that fire burning.

A New York Times bestseller by the author of *Sophie's Choice*: Two Americans search for the truth about a mysterious long-ago murder in Italy. Shortly after World War II, in the village of Sambuco, Italy, two men—Virginia attorney Peter Leverett and South Carolina artist Cass Kinsolving—crossed paths with Mason Flagg. They both had their own reactions to the gregarious and charismatic movie mogul's son. For the impressionable Peter, it was something close to awe. For the alcoholic Cass, it was unsettled rage. Then, after the rape and murder of a peasant girl,

Mason's body was found at the base of a cliff—an apparent suicide. He'd been distraught, the authorities said, over committing such a heinous crime. Peter and Cass went their separate ways, and never spoke of it again. Now, years later, Peter is still haunted by what he knows—and by what he doesn't. He's sought out Cass in Charleston for closure, and something close to the truth. Together both men will share their tales of that terrible season in Italy, each with their own ghosts—and their own reasons to exorcise them. But neither Peter nor Cass is prepared for where this path of revenge, complicity, and atonement will take them. A profound exploration of the evil that men do, and what the innocent must endure to accommodate it, *Set This House on Fire* is more than a byzantine murder mystery, it's "one of the finest novels of our times" from the Pulitzer Prize-winning author of *The Confessions of Nat Turner*, *Darkness Visible*, and other modern classics (San Francisco Chronicle). This ebook features a new illustrated biography of William Styron, including original letters, rare photos, and never-before-seen documents from the Styron family and the Duke University Archives.

Jar Island teens Lillia, Kat, and Mary's ongoing revenge plot against Reeve has unexpected consequences.

Readers will find that this book is more than a collection of 156 fire service editorial cartoons. Paul Combs is a gifted artist who uses his talent as a tool to express his passion for making a difference in the fire service, the greatest job in the world.

A website development pioneer gives business owners—from tech savvy to beginner—the tools, knowledge, and tactics to succeed in today's online economy. If your company is building a new website, you're certainly thinking about content and design. But don't forget performance, especially if you need your website to generate business leads and sales. *Wordpress Websites for Business* guides you through the process of building a website that will sustain and grow your company. Using the techniques detailed in this book I am currently bringing in more than one million dollars' worth of leads a month for one of my clients. I have used most of the top content management systems and built many custom CMS systems myself. From my experience, I can say that Wordpress is the most effective tool available to build your company's website and bring in leads and sales for your business. However, if used incorrectly, it can actually hurt your company. I've seen it happen, and the effects can be devastating. The good news is that there's a better way. In an easy-to-follow, step-by-step program, this book will tell you what you need to do to avoid the pitfalls while ensuring maximum exposure, search engine rankings, and conversions (sales)! This powerful book features: game changing checklists and resources; simple settings that only take a few minutes, but can make a huge difference in website performance; the best Wordpress plugins and services to optimize your site and maximize leads; the best Wordpress themes that enable you to build an up-to-date website that performs for you; content creation hacks such as how to map your business goals directly to your content; Wordpress best practices simplified, such as why and how to create a child theme; the tools and techniques that drop your page load times to less than two seconds; and much more . . . The strategies and tactics I present in *Wordpress Websites for Business* will result in more leads and sales for your company, and that's what it's all about.

Sarah J. Maas's global #1 bestselling *THRONE OF GLASS* series reaches new heights in this sweeping fourth instalment. Everyone Celaena Sardothien loves has been taken from her. Now she returns to the empire – to confront the shadows of her past ... Bloodthirsty for revenge on the two men responsible for destroying her life, and desperate to find out if the prince and his captain are safe, Celaena returns to Rifthold. She has accepted her identity as Aelin Galathynius, the lost Queen of Terrasen. But before she can reclaim her throne, there are dark truths to learn and debts to be paid. Aelin must stay hidden beneath her assassin's hood and draw on her mortal strength as Celaena to prevent the King of Adarlan from tearing her world apart. Only then can she fight for her people. Readers will be held rapt as Celaena's story builds to an agonising crescendo, packed with heart-pounding action and searing romance.

The book underlines the value of simulation-based education as an approach that fosters authentic engagement and deep learning.

Chronicles five epochal years of music in the Big Apple against a backdrop of the period's high crime, limited government resources and low rents, tracing the formations of key sounds while evaluating the contributions of such artists as Willie Colón, Bruce Springsteen and Grandmaster Flash.

For 21st-century young adults struggling for personal autonomy in a society that often demands compliance, the bestselling trilogy, *The Hunger Games* remains palpably relevant despite its futuristic setting. For Suzanne Collins' characters, personal agency involves not only the physical battle of controlling one's body but also one's response to such influences as morality, trauma, power and hope. The author explores personal agency through in-depth examinations of the lives of Katniss, Peeta, Gale, Haymitch, Cinna, Primrose, and others, and through an analysis of themes like the overabundance of bodily imagery, social expectations in the Capitol, and problem parental figures. Readers will discover their own "dandelion of hope" through the examples set out by Collins' characters, who prove over and over that human agency is always attainable.

When the reporters to a sex-trafficking exposê are murdered and computer hacker Lisbeth Salander is targeted as the killer, Mikael Blomkvist, the publisher of the exposê, investigates to clear Lisbeth's name.

"Superb...[A] richly researched, passionately written book."--William E. Cain, Boston Globe Widely acknowledged as the definitive history of the era, Henry Mayer's National Book Award finalist biography of William Lloyd Garrison brings to life one of the most significant American abolitionists. Extensively researched and exquisitely nuanced, the political and social climate of Garrison's times and his achievements appear here in all their prophetic brilliance. Finalist for the National Book Award, winner of the J. Anthony Lucas Book Prize, winner of the Commonwealth Club Silver Prize for Nonfiction.

A complete guide to dominating search engines with your WordPress site About This Book Everything you need to get your WordPress site to the top of search engines and bring thousands of new customers to your blog or business Learn everything from keyword research and link building to customer conversions, in this complete guide Packed with real-word examples to help get your site noticed on Google, Yahoo, and Bing Who This Book Is For This book is for anyone who runs any of the over 90,000,000 WordPress installations throughout the world. If you can login to your WordPress website, you can implement most of the tips in this book without any coding experience. What You Will Learn The elements that search engines use to rank websites—and how to optimize your site for premium placement Harness social media sites to extend the reach of your site and gain more visitors Discover the high-volume, high-value search phrases that customers use when searching for your products or services Avoid dangerous black-hat

optimization techniques and the people who advocate and purvey them Build high-quality, high-value links from other websites to raise your rankings in search engines Create optimized and engaging content that both search engines and readers will love Avoid common SEO mistakes that can get your site penalized by search engines In Detail WordPress is a powerful platform for creating feature-rich and attractive websites but, with a little extra tweaking and effort, your WordPress site can dominate search engines and bring thousands of new customers to your business. WordPress Search Engine Optimization will show you the secrets that professional SEO companies use to take websites to the top of search results. You'll take your WordPress site to the next level; you'll brush aside even the stiffest competition with the advanced tutorials in this book. Style and approach This is a practical, hands-on book based around sound SEO techniques specifically applied to WordPress. Each chapter starts with a brief overview of the important concepts then quickly moves into practical step-by-step actions you can take immediately. Throughout the book, you'll get clear instructions and detailed screenshots, so you can see exactly what to do each step of the way.

Learn how to build a beautiful and feature-rich website or blog with WordPress all on your own. About This Book Learn how to build a WordPress site quickly and effectively, and how to create content that's optimized for publication on the web. Learn the basics of working with WordPress themes and plugins, and even create your own. Beginner-friendly layout and advice you can apply from day 1. Packed with screenshots and examples. Who This Book Is For This book is for anyone who wants to learn how to create a functional website, without having to hire a developer or a designer. The best thing about WordPress—the open source software that we're going to be using—is that it has a minimal learning curve and that everyone can master it quickly. No specific website building experience is required. Having said that, this book will also appeal to everyone who wants to get a bit more in-depth with WordPress development and start working on their own plugins and themes. What You Will Learn What WordPress is, where to get it, and how to launch your website quickly using it. How to publish your first content (a blog post or article). What the most important sub-pages of a quality website are, and how to create them in WordPress. How to upload multimedia content such as images, audio, and video. How to install and work with plugins and widgets. Where to find quality themes and how to install them. How to develop your own WordPress plugins and themes. In Detail WordPress Complete, Sixth Edition is a practical guide for everyone who wants to start their journey as an online publisher, website owner, or even a website developer. It takes you step-by-step through the process of planning out and building your site, and offers loads of screenshots and examples along the way. It's also a beginner's guide to theme and plugin development. This book begins with the basics of WordPress, followed by the different components that you as a developer will need to use to work swiftly and efficiently. The book starts by introducing WordPress to new readers in this field. You are then shown how to set it up, implement a blog, and use plug-ins and widgets. You'll use themes to make any website look and feel better and more original. You also learn how to create your own themes and perform testing to ensure your website is bug-free. You will also acquire some idea of how to use WordPress for non-blog-like websites. By the end of the book, you will feel confident enough to design high-quality websites and will be familiar with the ins and outs of WordPress. Style and approach This is a step-by-step tutorial, where we show you how you build a professional-grade website from the ground up, adding more and more complex features as we move on.

A debut novel by the Grammy Award-winning music artist chronicles a man's unlikely spiritual quest in the aftermath of an unexpected cellphone conversation with a God who enjoys setting humorous challenges for him.

In Artistic Reconfigurations of Rome Kaspar Thormod examines how visions of Rome manifest themselves in artworks produced by contemporary international artists who have stayed at the city's foreign academies.

Annotation WordPress is easily one of the hottest platforms for building blogs and general web sites. With the addition of the WP e-Commerce plug-in, it's also a competent platform for easily creating and running an online store, capable of selling physical items as well as services and digital downloads. WordPress with e-Commerce offers every feature that a seller and a customer may need. You can build an online store that makes it easier for the customers to find and buy products. WordPress 2.9 e-Commerce focuses on the integration of WordPress with the WordPress e-Commerce plug-in, covering all aspects of building and developing an online store from scratch. This book provides a simple, step-by-step approach to developing an effective online store. It guides you through your initial planning and first steps, plug-in installation and configuration, building your catalog of products to sell, accepting payments for your orders, and dealing with taxes and shipping. You will also learn how to promote and market your new store, handle customer accounts and staff roles, and deal with essential store security. As you work through each chapter, your online store will grow in scope and functionality. By the time you finish this book, you will have a complete and working store, ready to release your products to the world.

"Its publication should be a major event for cognitive linguistics and should pose a major challenge for cognitive science. In addition, it should have repercussions in a variety of disciplines, ranging from anthropology and psychology to epistemology and the philosophy of science. . . . Lakoff asks: What do categories of language and thought reveal about the human mind? Offering both general theory and minute details, Lakoff shows that categories reveal a great deal."—David E. Leary, American Scientist

Includes 3 brand new essays on Gale, the Games, and Mockingjay! \*\*Already read the first edition of The Girl Who Was on Fire? Look for The Girl Who Was on Fire - Booster Pack to get just the three new essays and the extra movie content.\*\* Katniss Everdeen's adventures may have come to an end, but her story continues to blaze in the hearts of millions worldwide. In The Girl Who Was on Fire - Movie Edition, sixteen YA authors take you back to the world of the Hunger Games with moving, dark, and funny pieces on Katniss, the Games, Gale and Peeta, reality TV, survival, and more. From the trilogy's darker themes of violence and social control to fashion and weaponry, the collection's

exploration of the Hunger Games reveals exactly how rich, and how perilous, Panem, and the series, really is. • How does the way the Games affect the brain explain Haymitch's drinking, Annie's distraction, and Wiress' speech problems? • What does the rebellion have in common with the War on Terror? • Why isn't the answer to "Peeta or Gale?" as interesting as the question itself? • What should Panem have learned from the fates of other hedonistic societies throughout history—and what can we? CONTRIBUTORS: Jennifer Lynn Barnes, Mary Borsellino, Sarah Rees Brennan, Terri Clark, Bree Despain, Adrienne Kress, Sarah Darer Littman, Cara Lockwood, Elizabeth M. Rees, Carrie Ryan, Ned Vizzini, Lili Wilkinson, Blythe Woolston, Diana Peterfreund (NEW), Brent Hartinger (NEW), Jackson Pearce (NEW)

From ingredients and recipes to meals and menus across time and space, this highly engaging overview illustrates the important roles that anthropology and anthropologists play in understanding food and its key place in the study of culture. The new edition, now in full colour, introduces discussions about nomadism, commercializing food, food security, and ethical consumption, including treatment of animals and the long-term environmental and health consequences of meat consumption. New feature boxes offer case studies and exercises to help highlight anthropological methods and approaches, and each chapter includes a further reading section. By considering the concept of cuisine and public discourse, *Eating Culture* brings order and insight to our changing relationship with food.

"A remarkable book . . . I found myself thinking that all expectant and new parents should read it." —Michelle Slater A New York Times Book Review Editors' Choice In *Raising a Rare Girl*, Lanier explores how to defy the tyranny of normal and embrace parenthood as a spiritual practice that breaks us open in the best of ways. Like many women of her generation, when Heather Lanier was expecting her first child she did everything by the book in the hope that she could create a SuperBaby, a supremely healthy human destined for a high-achieving future. But her daughter Fiona challenged all of Lanier's preconceptions. Born with an ultra-rare syndrome known as Wolf-Hirschhorn, Fiona received a daunting prognosis: she would experience significant developmental delays and might not reach her second birthday. The diagnosis obliterated Lanier's perfectionist tendencies, along with her most closely held beliefs about certainty, vulnerability, God, and love. With tiny bits of mozzarella cheese, a walker rolled to library story time, a talking iPad app, and a whole lot of pop and reggae, mother and daughter spend their days doing whatever it takes to give Fiona nourishment, movement, and language. *Loving Fiona* opens Lanier up to new understandings of what it means to be human, what it takes to be a mother, and above all, the aching joy and wonder that come from embracing the unique life of her rare girl.

The first systematic analysis of socioeconomic violence in war and its implications for post-war justice processes. This book will appeal to students and researchers interested in international interventions in post-conflict countries, transitional justice, and how countries deal with the legacies of past violence.

These days Deep Purple's 'Smoke on the Water' is such a ubiquitous rock anthem that it almost seems as if it's been out there forever. Yet the story of how this most famous of metal tracks came into being is shot-through with chance incidents, any one of which could have seen the recording stifled at birth, leaving music writers to scabble about for another "best riff of all time" contender (and five hard-working musicians considerably less well-off.) *Fire in the Sky* looks in detail at this crucial period in Deep Purple's history and the making of their break-through album 'Machine Head'. The basic fact that a fire destroyed the Montreux Casino during a Frank Zappa concert is well known to most music fans, leaving Deep Purple to find somewhere else to record, but this book brings much new information to light. And although 'Smoke On The Water' was laid down while the Swiss Police hammered at the door of a roller skating rink, the band were then forced to move again, ending up at the Grand Hotel where they built a studio in the corridors using old mattresses and egg cartons for sound-proofing. In the chaos, 'Smoke on the Water' was almost forgotten. The band only roughed it out as something to play to their Montreux host, Jazz festival organiser Claude Nobs, who told them it was far too good to leave in the can. This book looks back at the events which led up to Deep Purple's bizarre and Heath Robinson-esque 'Machine Head' recording sessions in the winter of 1971. And as for that "hit to be"; 'Smoke On The Water' was not even tried out on stage, and might never have been played live at all were it not for a request from the BBC for a radio session. It went on to sell 12 million copies when issued as a single in 1973 and is probably the only record to ever generate a gold disc presented to a city. And yes, there really is a music shop in London which threatens to fine budding guitarists should they dare to try out the riff in-store. And in these times of economic hardship, isn't it inspiring to know that punitive tax rates back home were responsible for Deep Purple being in Montreux in the first place? The book moves on through 1972 and takes in the subsequent debilitating American tours where 'Machine Head' quickly became a massive selling album, even as the relentless gigging pulled Deep Purple apart. Memorabilia and many rare and unseen photographs illustrate the story, including remarkable images of the Casino fire and aftermath, and Ian Gillan with his notepad writing the lyrics to 'Smoke On The Water' in the studio. Members of the band have spoken, as well as associated crew and studio staff. The music and gigs are covered while appendices include tour dates and a discography, as well as a map showing the sites connected with the recordings. Several myths are also laid to rest: Many fans trekking to Montreux visit the wrong Grand Hotel altogether, while down the road the wealthy owners of luxury apartments sit blithely unaware of the musical history made in their living rooms. During research for this book the authors revisited the site of the recordings in Montreux with bass player Roger Glover to gain a unique insight into the album's history. As a result of this visit locals are preparing a heritage plaque to mark the site.

The India–Pakistan border in Jammu & Kashmir has witnessed repeated ceasefire violations (CFVs) over the past decade. As relations between India and Pakistan have deteriorated, CFVs have increased exponentially. It is imperative to gain a deeper understanding of these violations owing to their potential to not only cause a crisis but also escalate an ongoing one. *Line on Fire*, part of the Oxford International Relations in South Asia series, postulates that the incorrect diagnosis of the reasons behind CFVs has led to wrong policies being adopted by both India and Pakistan to deal with the recurrent violations. Using fresh empirical data and first-hand accounts, the volume attempts to understand the reason why CFVs continue to take place between India and Pakistan despite consistent efforts to reduce the tension between the two nations. In doing so, it recontextualizes and enriches the prevailing arguments in contemporary literature on escalating dynamics and unending ceasefire agreements between the two South Asian nuclear rivals.

*Acts and Monuments* by John Foxe, popularly abridged as *Foxe's Book of Martyrs*, is a celebrated work of church history and martyrology, first published in English in 1563 by John Day.

Published early in the reign of Queen Elizabeth I and only five years after the death of the Roman Catholic Queen Mary I, Foxe's Acts and Monuments was an affirmation of the Protestant Reformation in England during a period of religious conflict between Catholics and Protestants. Foxe's account of church history asserted a historical justification that was intended to establish the Church of England as a continuation of the true Christian church rather than as a modern innovation, and it contributed significantly to a nationalistic repudiation of the Roman Catholic Church. The sequence of the work, initially in five books, covered first early Christian martyrs, a brief history of the medieval church, including the Inquisitions, and a history of the Wycliffite or Lollard movement. It then dealt with the reigns of Henry VIII and Edward VI, during which the dispute with Rome had led to the separation of the English Church from papal authority and the issuance of the Book of Common Prayer. The final book treated the reign of Queen Mary and the Marian Persecutions. (courtesy of wikipedia.com)

WordPress is much more than a blogging platform. As this practical guide clearly demonstrates, you can use WordPress to build web apps of any type—not mere content sites, but full-blown apps for specific tasks. If you have PHP experience with a smattering of HTML, CSS, and JavaScript, you'll learn how to use WordPress plugins and themes to develop fast, scalable, and secure web apps, native mobile apps, web services, and even a network of multiple WordPress sites. The authors use examples from their recently released SchoolPress app to explain concepts and techniques throughout the book. All code examples are available on GitHub. Compare WordPress with traditional app development frameworks Use themes for views, and plugins for backend functionality Get suggestions for choosing WordPress plugins—or build your own Manage user accounts and roles, and access user data Build asynchronous behaviors in your app with jQuery Develop native apps for iOS and Android, using wrappers Incorporate PHP libraries, external APIs, and web service plugins Collect payments through ecommerce and membership plugins Use techniques to speed up and scale your WordPress app
