Sono fidanzata con uno sconosciuto, un uomo... drago. Se non lo sposo, sono spacciata. Ho trascorso la vita a nascondermi. A differenza del resto della mia un tempo potente famiglia, non possiedo magia. Il mostro immortale che ha divorato tutti i miei parenti continua a darmi la caccia. E mia nonna è convinta che l'unico modo per salvarmi dal mostro sia darmi in sposa a un altro mostro: un drago. Solo che questo mostro è la perfezione in forma umana: tutto muscoli dorati guizzanti e più magnifico di chiunque si trasformi in una mostruosa fiera scagliosa abbia il diritto di essere. La sua magia mi attrae, il suo calore mi incanta e la mia mente si fonde al tocco delle sue man inumanamente calde sulla mia pelle. Non ho la minima intenzione di sposarlo. So cosa vuole davvero: accesso al potere della mia famiglia. Ma io non ho magia, non ho un potere mio. Lui crede di sapere cosa aspettarsi da me. Io non gioco a certi giochi. Preferisco fuggire da un mostro che sposarne uno. Non sono il tesoro di un drago. Anche se il mio cuore non è d'accordo. SERIE COMPLETA DISPONIBILE ORA!

Welcome back to Sherwood Forest... The delights of Dumas' novels are well known. Less known today are his tales of Robin Hood. With pleasure, we present these two old works to a new century of readers. English versions of "The Prince of Thieves" and "Robin Hood the Outlaw" have virtually disappeared from bookshelves; they are now edited, corrected, and made accessible to the world in print and e-formats, by the Reginetta Press. In this first volume, "The Prince of Thieves," Alexandre Dumas relates his own unique version of Robin Hood's origins and upbringing, how Robin was robbed of his heritage, how Robin becomes acquainted with Marian, Little John, Friar Tuck, and the Merrie Men, and the events leading up to Robin Hood's life as an outlaw. Alfred Allinson's translation lends enchantingly antique wording, transporting us to the charm of a Sherwood Forest of former, fanciful days.

Prof. Giuseppe Joseph Calligaris, an Italian medical doctor who worked in the first half of the 19th century, had discovered that certain lines and points on the skin were related to the conscious and subconscious portions of the mind, and even to the enhancing of paranormal abilities. For over thirty years, Calligaris examined thousands of individuals, published about twenty books and discovered that the geometric system on the human skin could be stimulated in everybody to enhance clairvoyance, clairaudience, and precognition and retrocognition. He believed that our brain just may be a concave mirror for the Universal Consciousness. For his new research Calligaris was 'dumped' by the academic community after he demonstrated in several tests before professors that anybody can become capable of identifying objects on the other side of a wall, by pressing a specific point on the skin for only some minutes. Today the books of Calligaris are very rare., the majority of his materials are no longer available.

This is the first book in English language, that helps you rediscover the potential which is hidden in all of us. Calligaris has proven, that the truth is just as near as our skin.
