Reveals the intimate relationship of the tarot to the esoteric teachings of the Torah and Kabbalah, and provides kabbalistic interpretations for all seventy-eight tarot cards along with a detailed kabbalistic reading and interpretation of the Tree of Life spread. Original.

Literature has not always been written in the same ways, nor has it been received or read in the same ways over the course of Western civilization. Cavallo (Greek palaeography, U. of Rome La Sapienza), Chartier (Ecole des Hautes Etudes en Sciences Sociales, Paris) and a number of other international contributors, address themes that highlight the transformation of reading methods and materials over the ages, such as the way texts in the Middle Ages were often written with the voice in mind, as they would have been read aloud, or even sung. Articles explore the innovations in the physical evolution of the book, as well as the growth and development of a broad-based reading public.

Looks at the principles of health, wealth, and prosperity practiced by the Jewish people in the Bible and how to apply these ideas to one's life.

Complete practical guide to the chakras, including color, activity, sounds, background information, and techniques for opening them and utilizing their force. A longtime bestselling title in Europe, this is the definitive text in the field.

Between Copernicus and Galileo is the story of Christoph Clavius, the Jesuit astronomer and teacher whose work helped set the standards by which Galileo's famous claims appeared so radical, and whose teachings guided the intellectual and scientific agenda of the Church in the central years of the Scientific Revolution. Though relatively unknown today, Clavius was enormously influential throughout Europe in the late sixteenth and early seventeenth centuries through his astronomy books—the standard texts used in many colleges and universities, and the tools with which Descartes, Gassendi, and Mersenne, among many others, learned their astronomy. James Lattis uses Clavius's own publications as well as archival materials to trace the central role Clavius played in integrating traditional Ptolemaic astronomy and Aristotelian natural philosophy into an orthodox cosmology. Although Clavius strongly resisted the new cosmologies of Copernicus and Tycho, Galileo's invention of the telescope ultimately eroded the Ptolemaic world view. By tracing Clavius's views from medieval cosmology the seventeenth century, Lattis illuminates the conceptual shift from Ptolemaic to Copernican astronomy and the social, intellectual, and theological impact of the Scientific Revolution.

The Pictorial Key to the Tarot is A. E. Waite's guide to divinatory tarot, published in England in 1911 in conjunction with the Rider-Waite-Smith deck. Waite was very concerned with the accuracy of the symbols he used for his deck, and he did much research into the traditions, interpretations, and history behind the cards.

Judaism.

The Shocking Secrets of Michelangelo's Sistine Chapel Artwork The recent cleaning of the Sistine Chapel frescoes removed layer after layer of centuries of accumulated tarnish and darkness. The Sistine Secrets endeavors to remove the centuries of prejudice, censorship, and ignorance that blind us to the truth about one of the world's most famous and beloved art treasures. Some images that appeared in the print edition of this book are unavailable in the electronic edition due to rights reasons.

Looking for a FUN and EASY way to teach your children the Hebrew alphabet? Our Learning Hebrew: The Alphabet Activity Book is a great way to help you teach your children the basics of the Hebrew language, while giving them insight into the day-to-day life of the Hebrew people. We've included coloring activities and short explanations to show children how each letter was understood by the ancient Hebrews. Plus, plenty of opportunities for them to practice writing what they've learned. Understanding Hebrew will help children gain an increased Biblical understanding and a deeper love for the people of the Bible. The perfect discipleship tool to help you teach your children a Biblical faith. Learning Hebrew: The Alphabet Activity Book includes: The Hebrew Alphabet chart for easy reference Hands-on coloring worksheets for each letter of the Hebrew Alphabet featuring pictograph, paleo, and modern Hebrew: Aleph, Bet, Gimmel, Dalet, Hey, Vav, Zayin, Het, Tet, Yod, Kaph, Lamed, Mem, Nun, Samech, Ayin, Peh, Tsadi, Qoph, Resh, Shin, and Tav Original Bible Pathway Adventures' illustrations

Most people believe Jesus has very little to do with anything Jewish. Nothing could be further from the truth. Jesus Himself said, "If you believed Moses, you would believe me; for he wrote of me." (John 5.42) So are we to believe that Moses wrote about Jesus? Yes! But how? Through what we call "types and shadows." The Feasts of Israel all point in some aspect to Jesus, the Messiah of Israel. This book is a very simply written primer on the "Seven Feasts" in the Jewish Bible and how they point to Jesus. It is written in a very easy to read manner and no theological training is needed to understand it.

The Jewish Gospel of John is not, by any standard, another book on Jesus of Nazareth written from a Jewish perspective. It is an invitation to the reader to put aside their traditional understanding of the Gospel of John and to replace it with another one more faithful to the original text perspective. The Jesus that will emerge will provoke to rethink most of what you knew about this gospel. The book is a well-rounded verse-by-verse illustrated rethinking of the fourth gospel. Here is the catch: instead of reading it, as if it was written for 21 century Gentile Christians, the book interprets it as if it was written for the first-century peoples of ancient Israel. The book proves what Krister Stendahl stated long time ago: "Our vision is often more abstracted by what we think we know than by our lack of knowledge." Other than challenging the long-held interpretations of well-known stories, the author with the skill of an experienced tour guide, takes us to a seat within those who most probably heard this gospel read in the late first century. Such exploration of variety of important contexts allows us to recover for our generation the true riches of this marvelous Judean gospel. "A genuine apologetic is one that is true to the texts and the history, akin to the speeches of a defense attorney with integrity. Using the best of contemporary scholarship in first-century Judaic history and contributing much of his own, Dr. Eli Lizorkin-Eyzenberg has demonstrated that the Gospel of John is not an anti-Jewish, but a thoroughly Jewish book." Daniel Boyarin, Hermann P. and Sophia Taubman Professor of Talmudic Culture, University of California, Berkeley "Dr. Lizorkin-Eyzenberg places the text of John's Gospel in its authentic context by examining the Dead Sea Scrolls, Philo, rabbinic literature, and suggesting innovative explanations for the nomenclature, 'the Jews.' His fresh analysis is sure to stir meaningful debate. His creative approach will make an enduring contribution to the discipline of New Testament studies." Brad Young, Professor of Biblical Literature in Judeo-Christian Studies, Oral Roberts University "For some time, research on the Gospels has suffered from stagnation, and there is a feeling that there is not much new that one can say. In light of this, Dr.

Eli Litzorkin-Eyzenberg's new commentary on the Gospel of John, with its original outlook on the identity of the original audience and the issues at stake, is extremely refreshing." Ishay Rosen-Zvi, Head of the Talmud and Late Antiquity Department, Tel-Aviv University.

Color Your Own Van Gogh presents you with thirty intricate illustrations of the most captivating Van Gogh paintings from the collection of the Van Gogh Museum in Amsterdam. Each detailed drawing will inspire your creative side as you color in between the lines of such classic works as Gauguin's Chair, Sunflowers, or A Pair of Leather Clogs. Thumbnails of the original paintings in full color allow you to match your colors to the originals, or you can draw on your inspiration to add your own colorful flourish.

Argues that the discoveries of twentieth-century physics--relativity and the quantum theory--demand a radical reformulation of the fundamentals of reality and a way of thinking, that is closer to mysticism than materialism

As a girl growing up in Hong Kong, Eva Wong heard and memorized many tales told to her by Hong Kong's finest professional storytellers, by actors on the radio, and by her grandmother. These popular tales of the Taoist immortals were also often dramatized in Chinese operas. The stories are of famous characters in Chinese history and myth: a hero's battle with the lords of evil, the founder of the Ming dynasty's treacherous betrayal of his friends, a young girl who saves her town by imitating rooster calls. Entertaining and often provocative, these tales usually include a moral. The immortals are role models in Chinese culture, as well as examples of enlightenment. Some of the immortals were healers, some were social activists, some were aristocrats, and some were entrepreneurs. The tales chosen by Eva Wong here are of the best-known immortals among the Chinese. Their names are household words and their stories are told and retold by one generation to the next.

Presents the Swiss psychologist's thoughts, experiences, and everything he felt after a period of time spent seeing visions, hearing voices, and inducing hallucinations.

"A brilliant work . . . A dazzling meditation on the very nature of language itself" from the world-renowned scholar and author of *The Poetry of Thought* (Kirkus Reviews). In his classic work, literary critic and scholar George Steiner tackles what he considers the Babel "problem": Why, over the course of history, have humans developed thousands of different languages when the social, material, and economic advantages of a single tongue are obvious? Steiner argues that different cultures' desires for privacy and exclusivity led to each developing its own language. Translation, he believes, is at the very heart of human communication, and thus at the heart of human nature. From our everyday perception of the world around us, to creativity and the uninhibited imagination, to the often inexplicable poignancy of poetry, we are constantly translating—even from our native language.

We know that John the Baptist ate locusts, but were they insects or sweet beans? Why did a fish swallow a coin that Jesus later used to pay the temple tax? How could walking beside a donkey have made Joseph a laughingstock? Good handling of biblical passages demands a working knowledge of the historical and cultural context from which it was written. This bestselling reference book contains colorful photography and artwork, as well as maps, diagrams and charts. Additionally, there are scripture and topical indexes for quick fact-checking. Bible students and laypeople who teach in the church will benefit from and be fascinated by the helpful features of *The New Manners and Customs of Bible Times*.

A beautiful book on the famed Chinati Foundation in Marfa, Texas

The first authoritative translation of Rebbe Nachman's magnum opus, presented with facing punctuated Hebrew text, full explanatory notes, source references and supplementary information relating to individual lessons. With appendices of a variety of charts to assist the reader with the kabbalistic teachings found in the text. Volume 1 contains Reb Noson's introduction to the original work, short biographies of Rebbe Nachman and Reb Noson and a bibliography.

This volume presents an integrated epidemiologic, social, and economic analysis of the global epidemics of HIV among sex workers in low- and middle-income countries. The book provides a comprehensive review and synthesis of the available public health and social science data to characterize the nature, scope, and complexities of these epidemics. A community empowerment-based approach to HIV prevention, treatment, and care is outlined and demonstrated to be cost-effective across multiple settings, with a significant projected impact on HIV incidence among sex workers and transmission dynamics overall. *The Global HIV Epidemics among Sex Workers* seeks to assist governments, public health implementing agencies, donors, and sex worker communities to better understand and respond to the epidemics among a population facing heightened social and structural vulnerabilities to HIV. The book combines a systematic review of the global epidemiology of HIV among sex workers and in-depth case studies of the epidemiology, policy and programmatic responses and surrounding social contexts for HIV prevention, care and treatment in eight countries. The authors employ mathematical modeling and cost-effectiveness analysis to assess the potential country-level impact of a community empowerment-based approach to HIV prevention, treatment, and care among sex workers when taken to scale in four countries representing diverse sociopolitical contexts and HIV epidemics: Brazil, Kenya, Thailand, and Ukraine. In each setting, greater investment in prevention, treatment, and care for sex workers is shown to significantly reduce HIV. Together these findings underline the urgency of further global investment in comprehensive, human rights-based responses to HIV among sex workers.

"The first exhibition to offer a critical assessment of the artistic experimentation that took place in Mexico during the last three decades of the twentieth century. The exhibition carefully analyzes the origins and emergence of techniques, strategies, and modes of operation at a particularly significant moment of Mexican history, beginning with the 1968 Student Movement, until the Zapatista uprising in the State of Chiapas. The show includes work by a wide range of artists, including Francis Alys, Vicente Rojo, Jimmie Durham, Helen Escobedo, Julio Galán, Felipe Ehrenberg, José Bedía, Guillermo Gómez-Peña, Francisco Toledo, Carlos Amorales, Melanie Smith, and Alejandro Jodorowsky, among many others. The edition is illustrated with 612 full-color plates of the art produced during these last three decades of the twentieth century reflect the social, political and technical developments in Mexico and ranged from painting and photography to poster design, installation, performance, experimental theatre, super-8 cinema, video, music, poetry and popular culture like the films and ephemeral actions of 'Panic' by Alejandro Jodorowsky, Pedro Friedeberg's pop art, the conceptual art, infrarrealists and urban independent photography, artists books, the development of contemporary political photography, the participation of Mexican artists in Fluxus in the seventies and the contribution of Ulises Carrión to the international artist book movement and popular rock music, the pictorial battles of the eighties and the emergence of a variant of neo-conceptual art in 1990. The exhibition is curated by Olivier Debrouse, Pilar García de Garmenos, Cuauhtémoc Medina, Álvaro Vázquez Mantecón"--Provided by vendor.

A collection of short stories portrays life in rural Russia and satirizes Russian society

A classic encyclopedia of symbols by Catalan polymath Joan Cirlot that illuminates the symbolic underpinnings of myth, modern psychology, literature, and art. *Juan Eduardo Cirlot's A Dictionary of Symbols* is a feat of scholarship, an act of the imagination, and a tool for contemplation, as well as a work of literature, a reference book that is as indispensable as it is brilliant and learned. Cirlot was a composer, a poet, an art critic, and a champion of modern art whose interest in surrealism helped to bring him to the study of symbolism. Carl Jung, Mircea Eliade, René Guénon, Erich Fromm, and Gaston Bachelard also helped to shape his thinking in a book that explores the space between the world at large and the world within, where, as Cirlot sees

it, nothing is meaningless, everything is significant, and everything is in some way related to something else. Running from “abandonment” to “zone” by way of “flute” and “whip,” spanning the cultures of the world, and including a wealth of visual images to further bring the reality of the symbol home, *A Dictionary of Symbols*, here published for the first time in English in its original, significantly enlarged form, is a luminous and illuminating investigation of the works of eternity in time.

Ever since its first publication in 1992, *The End of History and the Last Man* has provoked controversy and debate. Francis Fukuyama's prescient analysis of religious fundamentalism, politics, scientific progress, ethical codes, and war is as essential for a world fighting fundamentalist terrorists as it was for the end of the Cold War. Now updated with a new afterword, *The End of History and the Last Man* is a modern classic.

What is genius? It is the trait, says Harold Bloom, of standing both of and above an age, the ancient principle that recognizes and hallows the God within us, and the gift of breathing life into what is best in every living person. Now, in a monumental achievement of scholarship, America's preeminent literary critic presents an unprecedented celebration of one hundred of the most creative literary minds in history. From the Bible to Socrates, through the transcendent masterpieces of Shakespeare and Dante, down through the ages to Hemingway, Faulkner, and Ralph Ellison, Harold Bloom explores the many parallels among his chosen geniuses and the surprising ways in which they have influenced one another over the centuries. Accompanied by revealing excerpts from their works that continue to astonish, enchant, and move readers, Bloom's insightful and spirited analyses illuminate and enlarge our common understanding of Western literary and spiritual culture...and offer us a grand yet intimate tour of it in one magnificent volume.

NEW YORK TIMES BESTSELLER • An epic Don Quixote for the modern age, “a brilliant, funny, world-encompassing wonder” (Time) from internationally bestselling author Salman Rushdie
SHORTLISTED FOR THE MAN BOOKER PRIZE • “Lovely, unsentimental, heart-affirming . . . a remembrance of what holds our human lives in some equilibrium—a way of feeling and a way of telling. Love and language.”—Jeanette Winterson, *The New York Times Book Review*
NAMED ONE OF THE BEST BOOKS OF THE YEAR BY TIME AND NPR
Inspired by the Cervantes classic, Sam DuChamp, mediocre writer of spy thrillers, creates Quichotte, a courtly, addled salesman obsessed with television who falls in impossible love with a TV star. Together with his (imaginary) son Sancho, Quichotte sets off on a picaresque quest across America to prove worthy of her hand, gallantly braving the tragicomic perils of an age where “Anything-Can-Happen.” Meanwhile, his creator, in a midlife crisis, has equally urgent challenges of his own. Just as Cervantes wrote *Don Quixote* to satirize the culture of his time, Rushdie takes the reader on a wild ride through a country on the verge of moral and spiritual collapse. And with the kind of storytelling magic that is the hallmark of Rushdie's work, the fully realized lives of DuChamp and Quichotte intertwine in a profoundly human quest for love and a wickedly entertaining portrait of an age in which fact is so often indiscernible from fiction. Praise for *Quichotte* “Brilliant . . . a perfect fit for a moment of transcontinental derangement.”—*Financial Times* “*Quichotte* is one of the cleverest, most enjoyable metafictional capers this side of postmodernism. . . . The narration is fleet of foot, always one step ahead of the reader—somewhere between a pinball machine and a three-dimensional game of snakes and ladders. . . . This novel can fly, it can float, it's anecdotal, effervescent, charming, and a jolly good story to boot.”—*The Sunday Times* “*Quichotte* [is] an updating of Cervantes's story that proves to be an equally complicated literary encounter, jumbling together a chivalric quest, a satire on Trump's America and a whole lot of postmodern playfulness in a novel that is as sharp as a flick-knife and as clever as a barrel of monkeys. . . . This is a novel that feeds the heart while it fills the mind.”—*The Times (UK)*

The Kabbalist Rabbi Laitman, who was the student and personal assistant to Rabbi Baruch Ashlag from 1979-1991, follows in the footsteps of his rabbi in passing on the wisdom of Kabbalah to the world. This book is based on sources that were passed down by Rabbi Baruch's father, Rabbi Yehuda Ashlag (Baal HaSulam), the author of 'the Sulam', the commentaries on *The Book of Zohar*, who continued the ways of the Ari and Rabbi Shimon Bar Yochai and many great Kabbalists throughout the generations before them. The goal of this book is to assist individuals in confronting the first stages of the spiritual realm. This unique method of study, which encourages sharing this wisdom with others, not only helps overcome the trials and tribulations of everyday life, but initiates a process in which individuals extend themselves beyond the standard limitations of today's world.

In this memoir, Rav Berg illuminates the profound bond between teacher and student, painting a beautiful portrait of one of the greatest kabbalists of our time—Rav Yehuda Brandwein. Set in Israel during the tumultuous days before and after the Six Day War, this book traces the development of their special relationship and shares the wisdom gleaned from it. Within its pages, we sense their passion for bringing the ancient wisdom of Kabbalah to the contemporary world. This is the spiritual journey that ultimately resulted in Rav Brandwein passing the responsibility of leadership of *The Kabbalah Centre* to Rav Berg.

Is God Trying to Tell You Something? Have you ever had a dream or vision that was so vivid that it remained with you for days? It is possible that your dream had a spiritual connotation and your vision was a message from God. In *How to Interpret Dreams and Visions*, best-selling author and evangelist Perry Stone explains the guidance and warnings encrypted in our visions and dreams and includes an extensive list of common dream symbols. With his unique blend of Bible knowledge and spiritual insight he provides answers to questions such as... Is my dream really from God? How do I distinguish between types of spiritual visions? Why am I having nightmares or unclean dreams? What do my dreams of a departed loved one mean?

This is a seminal study of the economic history of the Jewish community of Aragon, covering a period of about 125 years from the beginning of the thirteenth century until 1327. Among other topics, the book deals with the policy of the Crown towards money-lending and commerce in the Jewish community; the community's control over its members' economic activities; the Jews' loans to the king, and their taxes and subsidies to the Crown. The book offers information on the Jews' contribution to economic history, that has been very little studied so far. It will be of interest to economic historians, historians of Jewish Middle Ages, hispanists, and medievalists in general.

The aim of this book is to study certain meditation methods followed not only by religious traditions or metaphysical movements that are still alive nowadays like Advaita Vedanta, Kabbalah (within the Jewish tradition), Christianity or Islam (particularly Sufism), but also practiced by other currents or schools that, even though already gone, significantly

influenced the West. This is the case of Neoplatonism or Stoicism, whose influence was felt by ancient and medieval Christianity, or Greco-Egyptian Hermetism, which played an important role in the European cultural Renaissance from the 15th century on. A special consideration has been given to Christian tradition, introducing some of the most representative authors of recollection and their meditation methods. Este libro tiene por finalidad el estudio de ciertos métodos de meditación seguidos no solo por tradiciones religiosas o movimientos metafísicos que continúan vivos actualmente como el vedanta advaita, la cábala (en la tradición judía), el cristianismo o el islám (particularmente el sufismo), sino practicados también por otras corrientes o escuelas que, aunque ya desaparecidas, influyeron significativamente en Occidente. Es el caso del neoplatonismo o del estoicismo cuya influencia se dejó sentir en el cristianismo antiguo y medieval, o del hermetismo greco-egipcio que tuvo un papel destacado en el Renacimiento cultural europeo a partir del siglo XV. Especial consideración se ha dado a la tradición cristiana mostrando algunos de los autores más representativos del recogimiento y de su método de meditación.

A clear path to overcoming uncertainty, perfectionism, and fears of rejection so you can finally find peace with the past and create a happier, healthier future “Poppy’s powerful approach will help you take control of your thoughts so they don’t control you.”—Lori Gottlieb, New York Times bestselling author of Maybe You Should Talk to Someone Even before the pandemic brought on a crushing wave of stress, anxiety, isolation, life change, and financial struggle, there was already a growing mental health crisis. Due to a culture that encourages perfection, hustle, and fictional life/work balance, many are burning out. Behind her Instagram-projected image of “happy wellness founder,” Poppy Jamie was also struggling mightily with perfectionism and life purpose. She began working with mental health experts and researchers to find practical tools to overcome her inner critic and rewire her mind. She discovered that it is possible to create new neural pathways in your brain to break patterns of avoidance, challenge fears of not being good enough, and turn failure around by stretching the mind with new, healthier thought habits. The old wiring (and habits) that you’ve been stuck with can be written-over. You can actually upgrade your headspace to make curiosity, vulnerability, compassion, and emotional flexibility your default settings. In the emphatic and trusted voice of Bridget Jones meets neuroscience, Poppy shares her Flexy Thoughts approach for changing how you react to emotional triggers and think of yourself while improving your mental and physical health, relationships, and vision of the future. Our emotional resilience may continue to be tested, but the new perspectives and strategies in Happy Not Perfect will help us bring confidence, adaptability, and acceptance to whatever comes next.
