Canada's beloved comic genius tells his own story for the first time. What is Rick Mercer going to do now? That was the question on everyone's lips when the beloved comedian retired his hugely successful TV show after 15 seasons—and at the peak of its popularity. The answer came not long after, when he roared back in a new role as stand-up-comedian, playing to sold-out houses wherever he appeared. And then Covid-19 struck. And his legions of fans began asking again: What is Rick Mercer going to do now? Well, for one thing, he's been

writing a comic masterpiece. For the first time, this most private of public figures has turned the spotlight on himself, in a memoir that's as revealing as it is hilarious. In riveting anecdotal style, Rick charts his rise from highly unpromising schoolboy ("Rick still owes 15 dollars to the chocolate bar fundraiser" was one of the less brutal items on a typical report) to heights of TV fame, by way of an amazing break as a teenager when his one-man show, "Show Me the Button, I'll Push It. Or, Charles Lynch Must Die," became an overnight sensation—thanks in part to a bizarre ambush by its target, Charles Lynch himself. That's one story you won't soon forget, and this book is full of them. There's the tale of how little Rick stole a tree from the neighbours that's set to become a new Christmas classic. There's Rick the aspiring actor—hitting the road as a new young punk in a vanload of hippies and appearing on stage in Shakespeare—and a wealth of behind-scenes revelations about *This Hour Has 22 Minutes*, *Made in Canada*, *Talking to Americans* and the coming of the mega-hit *Rick Mercer Report*. It's a life so packed with incident and laughter we can only hope that a future answer to "What is Rick Mercer going to do now?" is: "Write volume two."

In this book you will meet three dozen impatient people. They weren't satisfied with the slow, plodding, money-saving route to financial security, the safe route that most of us feel stuck with. They wanted instant wealth - and they got it. As Max Gunther points out, our folklore frowns on the idea of quick money. As in the fable about the race between a tortoise and a hare. "In the fable, the hare loses. The stories in this book are not fables. They are true. In these stories, the hares win." They are a richly varied lot, these happy hares. Gunther opens with a few dazzling millionaire legends, such as the man who invented Monopoly. You'll then meet fascinating characters such as: Harvey Shuster, who beat the stock market; Howard Brown, who decided to be rich and became a multi-millionaire within three years; and a group of men who made fast fortunes on fads such as the Hula Hoop and the Frisbee. These stores illustrate that the dream of quick money isn't such a ridiculous dream after all. Read these tales about hares who have won and when you have, maybe you'll decide to run with them.

But I don't do girlfriends, and I certainly can't get involved with the league commissioner's daughter. I need shots on goal, not a hookup and a widely misunderstood paparazzi photo. Can I resist her, though? The way she teases me should be a game penalty for interference with my libido. There's this guy... Jason wants me, but he won't admit it. That man looks at me the way a hockey player eyes the lunch buffet after practice—and I love it. But when victory is finally within my grasp, I blow it and humiliate myself. Even then I can't even avoid him—as the team intern, I'm in constant view of his hard body and cocky smile. I need another chance. Women around the world have responded to Cara Alwill Leyba's Girl Code with a resounding YES. Companies like Kate Spade and Macy's have brought her in to teach "the Code." Inc. magazine named Girl Code one of the "Top 9 Inspiring Books Every Female Entrepreneur Should Read" alongside Lean In, #Girlboss, and Thrive. A few years ago, I made a crazy claim in the first edition of Girl Code: that in today's competitive marketplace, the fiercest thing a female entrepreneur can do is to support other women. Something dynamic happens when women genuinely show up for each other. When we lose the facades, cut the bullsh*t, and truly have each other's backs. When we stop pretending everything is perfect, and show the messy, beautiful parts of ourselves and our work—which all look awfully similar. When we talk about our fears, our missteps, and our breakdowns. And most importantly, when we share our celebrations, our breakthroughs, and our solutions. I'm convinced that there's no reason to hoard information, connections, or insight. Wisdom is meant to be shared, so let's start sharing what we've learned to make each other better. Let's start building each other up. Let's live up to our potential and start ruling the world. Girl Code is a roadmap for female entrepreneurs, professional women, "side hustlers" (those with a day job plus a part-time small business), and anyone in between. This book won't teach you how to build a multimillion-dollar company. It won't teach you about systems or finance. But it will teach you how to build confidence in yourself, reconnect with your "why," eradicate jealousy, and ultimately learn the power of connection. Because at the end of the day, that's what life and business are all about.

She's my fiercest rival. 2. She's also my fiery ex. 3. We're going up against each other in a stiff competition to win the hottest new client on the market. And yet, I'd like to be up against the wall in a stiff competition to get her to call out my name. Time to double down on my resistance to her tough-as-nails, take-no-prisoners, sexy-as-sin attitude. The same attitude that I find irresistible. That's the big problem, because in this race to nab the client I run into Haven in the hotel, on the beach, in the guest quarters late at night. Hate sex would be a terrible idea. Except, it's the complete opposite, and now we can't keep our hands off each other. Trouble is, I'm not so sure it's hate I'm feeling anymore. From the star of the film Kenny, the story of his long road to overnight success. After the film 'Kenny' catapulted him to national and international fame, actor, writer, producer Shane Jacobson was told by people that he had a talent for acting. Which was great news as he'd been on the stage since the age of ten. Working in musical theatre, stand up comedy, radio, ads, and the occasional Boy Scout review, Jacobson had been in the spotlight and behind the scenes, he had learned how to make people laugh and how to move them and he had felt the allure of the spotlight. He knew this was what he wanted to do, but it would take him years to get there in between his many (very) odd jobs. Success, when it came, was sweet, but so was getting there. Here Jacobson tells the story of his life in the droll, hilarious way which made him so appealing in Kenny and in films like Charlie and Boots. From a childhood spent among loving but stage - hungry 'carnies' to an adulthood spent travelling, falling in love, learning to drive every vehicle ever made and generally distracting himself from a serious career path, this is a charming, truly Australian memoir.
