Sebastiano Serlio introduced the principles of classical design to northern Europe and was the most important architectural writer and theorist of the sixteenth century. However, his writings have been inaccessible to English language readers until now. This distinguished translation of Serlio's treatise, complete with his beautiful woodcut illustrations, replaces the only other English version--an inaccurate translation from Dutch produced in 1611.

Read Josh Sundquist's posts on the Penguin Blog. One moment Josh Sundquist was your typical energetic and inquisitive nine year- old boy. The next, his entire life changed when he was diagnosed with Ewing's Sarcoma, a particularly virulent cancer strain that would eventually claim Josh's left leg. Told in a wide-eyed, winning, heartbreaking voice, *Just Don't Fall* is the story of the boy Josh was and of the young man he became. His story begins in a small, close-knit Southern town, where his father--an aspiring pastor questioning his faith, and his mother-- homeschooling an ever- growing brood of children--struggle to make ends meet. Josh journeys through a dizzying array of hospitals and eventually

lands at a pivotal place: the nearby mountain, where he makes his first attempt to ski. It is on the slopes, and later, on the race course, that Josh's world bursts wide open in a way no one could have ever anticipated. The inspiration to ski, however, and to become a champion, is not all that Josh has to contend with—there is adolescence to navigate, the transition from homeschool to public high school, and girls. There is an increasingly turbulent and difficult home life, with another cancer scare, a wayward brother, and dwindling finances to pay for training. Finally, there is the wild, bumpy road to the Paralympics in Turin, with a misanthropic coach, training in the Rockies, and a timeless friendship with a charismatic, imposing Brooklyn homeboy named Ralph. Through it all, Josh is forced to question his abilities, his sanity, his will, his faith in himself, and his faith in God. Because of, not despite, these myriad obstacles in his path, Josh is able to achieve a genuine grace: the grace to risk failure and to succeed. It is the grace of a young boy becoming a man and of a champion realizing his greatest dream. Josh Sundquist shows us with charm, humility and remarkable strength that even if we fall, this inner grace can lift us up and carry us over the many mountains we all must face.

Stolen Treasure is a book almost 70 years in the writing! Written over the decades since 1946, this collection of observations, quotes, proverbs, witticisms and rules for living have guided the author since his youth growing up in India, through his time in the Indian Navy, and for the bulk of his life since moving to Ireland in 1960. Now in his mid-80s, the author presents a lifetime of humour and words of wisdom for a happy life in this book. A true treasure collection of one-line gems and snip-bits of life s experiences, the book presents an insight into the observations of life over the author s lifetime that so many of us experience but never document. At first, observations from an idealistic young man are presented. This is followed by wisdom learned in early adulthood and gathered as an Officer with the Indian Navy. The observations continue from a happy

lifetime in Ireland with a large focus on what the author learned about life as a husband and father, as well as engineer and lecturer, to retiree. These have been collected over the years as the author has experienced them in life or overheard them in social occasions, and carefully recorded by hand. In the decades before the internet and social media, these were the original status updates that tell a story of how life and perception of what matters has changed over almost 70 years. An intriguing read for every person of all ages and all interests.

Over 70 authors and veterans share the sacrifices so many of America's veterans have made, in peacetime and in war, throughout the 20th century. You'll read about Duty, Honor, Courage - from the testing of a submarine, to the loss of the Space Shuttle Challenger, to the everyday sacrifice of men and women in uniform, whether serving during peace or war. You'll walk bloodied beaches, soar over enemy turf, pray, crawl in and out of caves, tend the wounded, shoot and be shot at, feel your heart race with fright as flak comes at you from every direction...walk the deck...hit the deck...feel the heat as fire dances across the deck, into the cockpit and into the foxhole you occupy. Your heart will constrict as the man in front of you takes the bullet meant for you. You'll know the painful bite of shrapnel, the gnawing ache hunger brings and red-hot anger as a comrade

Want als gevolg van de automatisering van veel processen in organisaties, hebben deze steeds vaker behoefte aan een schakel tussen de gebruikerskant (iedereen in de organisatie die belanghebbende is bij de informatievoorziening) en de technische kant (de aanbieders van IT-services en -producten). Die schakel is business informatiemanagement. Dit boek laat zien wat daar allemaal bij komt kijken. De auteurs beschrijven de rol van de business informatiemanager op operationeel niveau, veelal functioneel beheerder genoemd, en zijn relatie tot de overige rollen binnen business informatiemanagement, IT-servicemanagement (ITIL) en applicatiemanagement (ASL). Ze lichten uitgebreid de processen toe waar de functioneel beheerder bij betrokken is. Daarbij maken ze gebruik van het BiSL-framework, waarin de processen voor business informatiemanagement zijn beschreven. Aan het eind van ieder hoofdstuk is een aantal meerkeuzevragen opgenomen, voor degenen die dit boek gebruiken als voorbereiding op het examen BiSL Foundation van APMG ofwel het examen Business Information Management with reference to BiSL van EXIN. In aanvulling op BiSL is in dit boek een aantal populaire modellen en technieken opgenomen, waarmee de functioneel beheerder zijn of haar voordeel kan doen, zoals use case-techniek,

UML, klassendiagramtechniek, Entity Relationship Diagram-techniek, Dataflow-Diagram-modellering, test- en testspecificatietechnieken. In een apart hoofdstuk zijn handige checklists opgenomen die hulp bieden bij het inrichten van de BiSL-processen en kunnen gebruikt worden om best practices concreet te maken. Kortom, een boek voor functioneel beheerders en iedereen die betrokken is bij business informatiemanagement binnen organisaties, en hun management. Soft bound music score for piano.

Proud and rebellious, Gideon is banished from the Light. His own words define his punishment, transforming bloodlust into literal hunger. Living by his sword, he wanders the land of mortals, embittered and alone. Naomi works in secret, illuminating manuscripts for the Knights of St. John. Gideon is drawn to her beauty and fascinated by her innocence. She stirs the shattered remnants of his nobility, intensifying the conflict already raging within him. Gideon is unlike anyone Naomi has ever encountered before. His passionate kisses and intoxicating caresses leave her restless and wanting. Still, she senses the bleak loneliness he tries so hard to deny. Responding to his seduction with tenderness, she is determined to help him rediscover the beauty in life. The battle lines are drawn. Gideon must seek redemption or Fall. Naomi must lead her Rebel Angel back into the light before the forces of darkness have their way. Futurists and scientists alike profess the coming of a new era in the history – the knowledge era. The notion of knowledge is as old as humans' self-consciousness, but new challenges appear. The meaning of the word “knowledge” is changing from cognitive notion to a technical term denoting a structured economic resource to be actively managed. This contributed volume is a result of vivid and extremely valuable discussions held at 3rd International Workshop on Advances in Business ICT (ABICT) in Wrocław, Poland, September 9-12, 2012. The workshop focused on Advances in Business ICT approached from a multidisciplinary perspective. It provided an international forum for scientists/experts from academia and industry to discuss and exchange current results, applications, new ideas of ongoing research and experience on all aspects of Business Intelligence. ABICT has also been an opportunity to

Live your life from your heart and pay attention to your intuition. Don't be afraid to make mistakes, fall on your face, or look foolish in front of people. We are here to be the best we can be with what we have. Don't give up on yourself so soon. As we mature into who we are becoming... The change will be everlasting. Give yourself permission to finish
