Introduces the student to the Arabic language by means of Egyptian Colloquial Arabic

Whether you're planning a trip to Morocco, Egypt, or any of the 25 exotic countries where Arabic is spoken, you'll want to bring along your language skills and "ARABIC in 10 minutes a day" is just the ticket! With a focus on practical words and phrases which every traveler needs, the book and interactive software provide an easy, step-by-step approach together with useful study tools and fun, computer activities and games. Perfect for students, travelers and international executives worldwide! The "10 minutes a day" Program: The "10 minutes a day" proven methodology guarantees success--all you have to do is set aside 10 minutes and you'll be on your way. Why 10 minutes a day? Because 10 minutes is doable, it fits easily into your life and it's not overwhelming. The program is created so that you can work at your own pace. You set the pace and you decide when you're ready to move to the next Step. The book is purposely designed to look like a child's workbook--it's not intimidating or overwhelming. Instead, it's approachable and engaging for everyone at any age. The book covers material equivalent to more than a year of high school Arabic or the 1st quarter of Arabic at university. The

vocabulary hones in on key essential words that you'll actually use when traveling. You'll learn Key Question Words so you can ask for what you need; money and numbers so you can shop and pay bills; directions so you can get to your destination smoothly, and so much more that will make your experience abroad enjoyable. Study aids and fun activities such as word games, puzzles and interactive modules are academically designed and strategically interwoven into the program to help you succeed. Contents include: The 132-page illustrated workbook: Use the book to guide you, step-by-step, through learning and speaking Arabic. Full color throughout: Visually engages you and is conducive to learning quickly. Digital download of "10 minutes a day" language learning software: Use the interactive modules to hear the words, practice and play, track your score and have fun! (PC and Mac friendly) 150 Sticky Labels (both in the book and for your computer): Place the Sticky Labels around the house and office to learn new words without any extra time or effort. Use the interactive Sticky Labels module on your computer to hear the words, review, keep track of your score and improve. Ready-made Flash Cards (both in the book and for your computer): Take the ready-made flash cards with you and review your vocabulary on the go. Use the interactive Flash Card module on your computer to hear the words, practice and test yourself. The Arabic alphabet: Use this lesson to learn the Arabic script. Write each letter and become familiar with its pronunciation. With a little practice, you'll be on your way to reading Arabic in the very next lesson. Cut-out Menu Guide: Practice at your local restaurant and take it on your trip. Pronunciation Guide: With the Guide and simple phonetics above each Arabic word, it's easy for native English speakers to begin speaking Arabic with the correct pronunciation. Glossary of over 2,000 new words, definitions, and pronunciation: So you can quickly look up an Arabic word, its pronunciation and definition.

If you have ever tried to learn another language, you know that learning it can be an extremely intimidating endeavor. Spanish Now! teaches you the essentials of learning conversation Spanish including:-Proper Grammar-Sentence Structure-Masculine and Feminine Conjugation-Essential Nouns, Verbs and Adjectives-Real Practice Examples! You may feel self-conscious about sounding wrong and not knowing it until someone else laughs or you are corrected. It takes time. You won't be a fluent speaker over night, but Spanish Now! teaches you what you need to know to begin conversing in a few weeks or less! And Most people who are native speakers are actually happy to have the chance to talk in their native language, especially if you are a novice and indicate that you are trying to learn the language. When it comes to learning Spanish, you are already almost half way there because their language structure is extremely similar to English (with a couple of notable exceptions) and so many Spanish words and phrases have crept into everyday usage in the U.S. The biggest challenge with Spanish is vocabulary. Spanish Now! tackles vocabulary and takes you through the essentials you will need to have a solid Spanish-speaking foundation. Also, Since Spanish is one of the Romance languages, it's pronounced and sounds very different from English. Practicing out loud and watching supplemental videos is encouraged with this book to get the full understanding. Once you get the basics down you will find that having basic discussions is far less intimidating than it initially seems. Spanish Now! gives you the basic guidelines that will help you learn conversational Spanish to speak with anyone. Regardless of the nation a native Spanish speaker is from (ie. Mexico, Argentina, or Spain), you will be able to feel confident that you have the basics to converse in the Spanish language. Buy Spanish Now! and learn Spanish in a few weeks or less!

Francophile Karen Eberwein had always dreamed of becoming fluent in French. She realized that the perfect way to learn is total immersion - in a small village in the Dordogne Valley. So she packs a bag, rents a rustic stone cottage, and spends nearly a year in Cenac-et-Saint-Julien, France. Karen refuses to speak English, vows to speak to anyone who is willing to talk to her, religiously carries a French dictionary, and retains a light-hearted, playful approach to learning the language. She has carefully chosen a village not dominated by tourism, arrived in December, and in a surprisingly short amount of time, the local people befriend her. Claire, her fast-talking neighbor, invites her to dinner (when it is customary to know someone for years before welcoming them inside your home) and to the 31st Exposition Nationale d'Aviculture, where Claire is showing her pigeons. The elderly man down the hill, Jean-Paul, asks Karen along on a truffle hunting adventure, a visit to a hidden, ancient walnut mill, and accompanies her to the local Occitan festival, where he shares childhood and wartime memories. The local baker invites Karen to observe a typical day at the bakery, starting at 3:00 am., to see how the breads and croissants are made. Not to be outdone, the chef at the local restaurant teaches Karen how to make the traditional Garlic Soup in time to serve it to a crowd of locals for lunch. In the process of learning a language, she becomes part of a wonderful French village. Locals who first acknowledged her with a nod, then a handshake, now greet her warmly with kisses on both cheeks. She has gained much more than a language

Life is indeed a game that we all play to pass time; simply a series of days strung together, made up of how you planned or decided to spend the moments. Like any game how well it is played or whether life's circumstances are interpreted accurately, then used to the best advantage, makes losers and winners to varying degrees. Senseless insanity is alive and well within the world. The world is awash with unruly forces, that if not intent upon harming you do desire to become a destabilising force, either temporarily or over the long term. We are all participants in a charade, how life evolves and turns out all depend on how well the game is played. It is not wise or ideal to treat life like a game of chance, a random roll of the dice that can determine unpredictable outcomes. The cost of success is the careful application of well thought out concepts and ideas. Like any game preparation is critical; understanding the rules, knowing how to manipulate the dynamics at play efficiently to ones own advantage, understanding the intricacies of the rules and how to capitalise upon or create opportunities, pursuing whatever circumstances are present to maximise whatever potential exists to the best advantage. The potential opportunities in life are only limited by the inability to firstly comprehend them and secondly to fully utilise personal abilities to maximise the potential that is available. Don't wait for special times to evolve, rather create them in accordance with your true desires to experience what you wish to make real. Much like any game, the game of life has things that can be obtained, or things that can be lost. How the game is played, the value of the stakes, the opposing factions all come to dictate an outcome, be that favourable or lacking any resemblance of being lucky. A life lived based upon any reliance on luck or fate being favourable is tempting only to the over optimistic, or those extremely lucky ones or who were fortunate in the past and believe that good fortune will continue in the future. While it takes resources to control the world, the control of your own specific world environment is really within your potential to achieve. How you choose to control your world, as well as to what extent your desires are put into action, determine whether your life will meet your wishes or not. The amount of thought and energy you exhort, the persistence of that effort, all comes to determine whether and to what degree what you want is what you actually get. In life you may win or loose at times, it's basically just like playing a game; the right mentality is chancing the wheel of life by trusting and ensuring you will win just the same.

Learn a language, not just words. The Complete package is a unique, truly multi-media program in Arabic that takes listeners from beginner to advanced level in one convenient package. It uses the Living Language Method, which teaches listeners to speak a new language, not just memorize vocabulary words. The method presents the language in a natural and systematic way, combining linguistic science and proven techniques with an engaging experience to deliver real results.

When you're in the mood for a classic Sherlock Holmes story, nothing else will do. In this tightly plotted tale, the services of the famed super-sleuth are solicited by a distraught landlady. At her behest, Holmes

and Watson investigate the case of a mysterious lodger who may not be what he appears to be.

Emma Alexander has been living in San Diego the past eight years building her career. She's only been home once during that time. When she rushes home to deal with a family tragedy, she discovers small towns have long memories. Circumstances force her to deal with the reason she stayed away so long. Now she must decide between the life she left behind and the one she's secretly yearned for. Jack McElroy has been in love with Emma since they met their freshman year of college. The last four years of living in San Francisco have been torturous for him, being away from her. When her promotion moves her north, fear of ruining their friendship tempers his desire to show her how he truly feels. Will he be able to profess his love for her or will her ex-fiancé beat him to the punch?

"Titus Andronicus is a tragedy by William Shakespeare, believed to have been written between 1588 and 1593, probably in collaboration with George Peele. It is thought to be Shakespeare's first tragedy and is often seen as his attempt to emulate the violent and bloody revenge plays of his contemporaries, which were extremely popular with audiences throughout the 16th century.[1]The play is set during the latter days of the Roman Empire and tells the fictional story of Titus, a general in the Roman army, who is engaged in a cycle of revenge with Tamora, Queen of the Goths. It is Shakespeare's bloodiest and most violent work, and traditionally was one of his least respected plays; although it was extremely popular in its day, by the later 17th century it had fallen out of favour. In the Victorian era, it was disapproved of primarily because of what was considered to be a distasteful use of graphic violence, but from around the middle of the 20th century its reputation began to improve"

3- Informative Books in one Bundle! The Most Comprehensive JavaScript Beginners Guide on the Market! Have you ever wondered what allows people to be able to see different things on different websites? The answer is simple: JavaScript. Many websites are written in JavaScript so that you can be able to see what they are all about and what is going on in each of the sites. It is a language that can be written in many different formats so that different websites can use it for different purposes. JavaScript is able to do everything from creating a website to adding buttons and even disabling the ability to click on a button unless an option is chosen. While JavaScript is a multilayered language that will take some time to learn all of the levels of, the basics are quite simple. You can learn how to begin writing JavaScript by knowing only the basics, and you can build on your knowledge of the basics and what you initially learned. To get started with writing JavaScript, all you need to do is learn the beginning process. It is easy for you to do this if you have the right tools. This book will act as a way for you, as a beginner, to learn the process of JavaScript. While it will teach you some of the simplest JavaScript codes, it will not be overwhelming with codes. Instead, it will teach you what you need to know before you become a JavaScript expert and before you make the decision to truly dive into it. If you are ready to learn about JavaScript, what it can do and how you can get started, start this book right away. When you are finished, check out some of the other books in this series to learn more JavaScript codes and how to become a true professional who is great at writing JavaScript and can do more than you ever thought possible. Follow the series on an easy way to become a JavaScript expert! Sail Past the Beginners Level with these valuable tips! JavaScript is a language that you will always be able to learn more about and always be able to expand your knowledge of. Once you have learned the very basics of it, you should work to make sure that you are trying to find out as much as possible. JavaScript can be very rewarding, and you will need to be able to do as much as possible with it if you want to get the most benefit out of it. The tips and tricks that are contained in this book will give you some insight into what JavaScript is really capable of and what you can actually do with it if you learn as much as possible about it. There is a lot to learn, and you will be able to reap all of the benefits from JavaScript if you follow this book. The tips and tricks are designed not only to show you how to use the codes to build a beautiful interactive website but to also wow all of your visitors with everything that you have to offer on the website. Reading the book will not make you a JavaScript expert, but it will have you well on your way to being one. Read on for some of the best tips that are available and how you can make them work when you are trying to learn JavaScript in the easiest and most efficient way. Javascript- Simple and Effective Strategies: JavaScript isn't necessarily a simple language or a simple code to learn, but there are some very simple strategies that will get you to where you want to be with your JavaScript career. Following these strategies will allow you the chance to make sure that you are getting the most out of the JavaScript experience and the learning process that comes from it. Grab this 3-book bundle Today!

Presents a comprehensive self-instruction guide to learning the Korean language.

Regarded as one of the most difficult languages to learn for native English speakers by the U.S. State Department, Arabic is gaining both prominence and importance in America. Recent world events have brought more and more Americans and other English speakers into contact with Arabic-speaking populations, and governments and businesses are increasingly aware of the importance of basic Arabic language skills. Arabic for Dummies provides you with a painless and fun way to start communicating in Arabic. Why should you learn Arabic? Well, besides the fact that over 200 million people in more than 22 nations use it to communicate, there are tons of reasons to get up to speed this 1,400 year old language, including: Nearly all of the Middle-East speaks Arabic or one of its dialects Basic Arabic skills are extremely useful for anyone traveling to, doing business in, or serving in the Middle East It is the language in which the Koran is written There is a rich, centuries-old literary tradition in Arabic Arabic For Dummies presents the language in the classic, laid-back For Dummies style. Taking a relaxed approach to this difficult language, it's packed with practice dialogues and communication tips that will have you talking the talk in no time. You'll get the scoop on: The Arabic alphabet, pronunciation, basic grammar, and the rules of transliteration The history of the language and information on classical Arabic and its dialects How to make small talk and make yourself understood when dining, shopping, or traveling around town How to communicate on the phone and in business conversations Handy words and phrases for dealing with money, directions, hotels, transportation, and emergencies Arabic culture and etiquette, including ten things you should never do in Arabic countries The book also includes an Arabic-English dictionary, verb tables, and an audio CD with dialogues from the book to help you perfect your pronunciation. Written by a native Arabic speaker who helped start a year-round Arabic department at Middlebury College, Arabic For Dummies is just

what you need to start making yourself understood in Arabic. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Living Language Dothraki brings the world of Game of Thrones to life with a conversational language course teaching Dothraki, the language developed for the HBO series by language and culture consultant David J. Peterson and first seen in George R.R. Martin's A Song of Ice and Fire series. The 128-page coursebook features a step-by-step guide to pronunciation, basic phrases, easy-to-follow grammar explanation and examples, extensive thematic vocabulary lists, dialogue, and exercises for reinforcement. Living Language Dothraki also includes a one-hour audio CD of essential phrases and vocabulary so that learners can speak Dothraki with confidence. Additional notes about the language and the culture of the Dothraki people appear throughout the coursebook to give the language context.

The Anarchist's Guide to Grammar: "Banish the "rules" of grammar in the U.S.!" is the revolution called for by author Val Dumond. "Scary? Of course, but drastic measures must be taken. Just look at the state of language today! The time is now! Stand up and reclaim it!" "We've been taking U.S. language for granted," claims this long-time writer. We make several assumptions: 1) that we have a language called "Proper English"; 2) that a set of "rules" lies in some mysterious place, written by some mysterious authority; 3) that one must follow those "rules" to speak and write correctly. Not so! The time has arrived to banish what we call "rules" and expose the assumptions." Dumond asks: What would happen if we all spoke the language of our heritage? We would quickly learn the sound of the Tower of Babel - since US-language has come about by combining languages from (at least) 150 countries around the world. As immigrants enter the country, they bring with them new ideas, cultures, foods, music, and language. As they become settled, they combine their culture with US-ers, thus enriching all of us in the United States, including our language. In an amusing Introduction, Val explains how we have assumed there exists an incontrovertible set of grammar "rules" to be followed in order to speak proper, correct, good English. "We're not in England anymore!" she points out. Oh yes, we started out with British "rules," but as we declared our independence, language changed, and continues to change. Do you really understand ordinary British English? Numerous pundits over time have drawn up what they consider the "rules" of grammar and forced them on their students. Yet, when those students run up against someone who studied a different set of "rules," confusion and doubt rear their heads. Must we in the U.S. speak "proper English" or do we have a language all our own? After clarifying the conundrum of US-language, Dumond offers guidelines to aid writers in determining what constitutes understandable language. Those guidelines don't depend on memorizing all the crazy names for the parts of language, but rather the guidelines focus on how those parts function. Nouns and pronouns become Things; adjectives and adverbs become Modifiers; punctuation becomes Rules of the Road - all presented in easily understood language, with examples to boot. Included in the guidelines are ways to decide which nouns to capitalize how to discern the difference between plural and possessive nouns how pronouns perform ways to vary word modifiers how to add modifying phrases and clauses use of the little words that serve as the glue to connect words into sentences how to use the dots, dashes, and curly cues we call punctuation. But she doesn't stop there. Writers will especially enjoy the freedom offered to create new words and put together sentences and paragraphs. She offers suggestions to use numbers and inclusive language, as well as offering four ways to improve spelling. The solution to the confusion of US-language seems so simple. Look at the "rules" that come close to your interpretation, then modify them to make them work for you. Set up Your Style Manual, rather than depend on style manuals put together according to some other group's interpretations. And she shows you how. All this is included in The Anarchist's Guide to Grammar: toss out the assumptions, clarify them, pick up some basic, helpful guidelines, and write with power and assurance. No longer will you need to ask, "What are the rules for writing Proper English?" At last, you'll understand why there aren't any. At last you can write your own guidelines.

The story of three couples who are about to discover that a marriage's happiness has many entrances but only one emergency exit. Living a life immersed in the questions of relationships that never cared to learn in what order to write their pages, they ended up embracing the part of the other's logic they understood best and the part of their own silence they understood least. The air between them is ready to take into its arms those endless hours of their lives they covered in silence all that they never found the courage to cover in words. It really wants to turn it into the song of six hearts that hand-in-hand will lay siege to the part of their truth they seek from their common future. You see, when a person is no longer able to own the truth today offers him, he convinces himself that it's time to fell in love with the myth tomorrow will eagerly supply him with.

Mastering Arabic 1 is also available as a book and 2 x CDs pack. Search for ISBN 9780230013124. Mastering Arabic 1 is the most lively, accessible and carefully-paced Arabic course on the market. all conceivable combinations of languages. www.childrens-books-bilingual.com

In the realm of mental phenomena, experiment and measurement have hitherto been chiefly limited in application to sense perception and to the time relations of mental processes. By means of the following investigations we have tried to go a step farther into the workings of the mind and to submit to an experimental and quantitative treatment the manifestations of memory. The term, memory, is to be taken here in its broadest sense, including Learning, Retention, Association and Reproduction. (PsycINFO Database Record (c) 2004 APA, all rights reserved).

With Living Language Complete Arabic: The Basics, you'll start by learning words, and then you'll progress to phrases, sentences, and conversations. This is a story of my life. I went on an adventure to find the real purpose and reason we are all here on this planet. It is a story about the miracles in my life. But the greatest miracle is the one that's the same today as it was from the beginning. So join in this adventure and see for yourself.

This book shows lots of everyday expressions used in the English language and is ideal for people at intermediate or advanced levels of English and is ideal for candidates preparing for TOEFL as some of the expressions contained in the book are found in the listening and reading sections of the TOEFL exam.

Simple, science-based tools to stop procrastination Even with overflowing inboxes, thousands of unread notifications, and unmet deadlines, most people still can't manage to take control of their time and stop procrastinating. The End of Procrastination tackles this ubiquitous issue head on, helping you stop putting off work and reclaim your time. Author Petr Ludwig shows that ending procrastination is more than a wise time management strategy—it's essential to developing a sense of purpose and leading a happier more fulfilled life. The keys to overcoming procrastination are simple. With eight clear, approachable tools—from quick daily worksheets to shift your perspective to to-do lists that actually help you get things done—The End of Procrastination provides everything you need to change the way you manage your time and live your life. Based on the latest research, The End of Procrastination synthesizes over one hundred scientific studies to create a program that is based on the way our brains actually work. By understanding exactly why procrastination happens and how our brains respond to motivation and self-discipline, the book provides readers with the knowledge to conquer procrastination on an everyday basis.

The life force, also known as "spirit," is the essence of being and the conscious and most important form of energy. Living energy is personal and within our conscious control, and by learning about it, we can use it to transform our life into vibrant and meaningful expressions of who we really are. Consciousness is purely energetic and therefore difficult to quantify in mechanistic terms. It is the characteristic of living energy and is the foundation of awareness. Consciousness is the thread running through all life. Living Energy is an introduction to the process of mystic spirituality. The reader is encouraged to attain a deep and meaningful connection to the divine with expanded awareness. The principles given in this book are equally relevant to the novice and the advanced practitioner. Robert explains how we may reveal our hidden potential by shifting our perception away from what is customary and comfortable to open the doors to greater spiritual awareness.

More than three decades after its first publication, Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, Orientalism remains one of the most important books written about our divided world.

What is the President, Congress, and the Supreme Court really allowed to do? This unique and handy guide includes the documents that guide our government, annotated with accessible explanations from one of America's most esteemed constitutional scholars. Known across the country for his appearance on The Daily Show with Jon Stewart, Professor Richard Beeman is one of the nation's foremost experts on the United States Constitution. In this book, he has produced what every American should have: a compact, fully annotated copy of the Declaration of Independence, the Constitution and amendments, all in their entirety. A marvel of accessibility and erudition, the guide also features a history of the making of the Constitution with excerpts from The Federalist Papers and a look at crucial Supreme Court cases that reminds us that the meaning of many of the specific provisions of the Constitution has changed over time. "Excellent . . . valuable and judicious." -Jill Lepore, The New Yorker
