Marcuse argues that the traditional conceptions of human freedom have been rendered obsolete by the development of advanced industrial society. Social theory can no longer content itself with repeating the formula, "from each according to his ability, to each according to his needs," but must now

investigate the nature of human needs themselves. Marcuse's claim is that even if production were controlled and determined by the workers, society would still be repressive—unless the workers themselves had the needs and aspirations of free men. Ranging from philosophical anthropology to aesthetics *An Essay on Liberation* attempts to outline—in a highly speculative and tentative fashion—the new possibilities for human liberation. The *Essay* contains the following chapters: *A Biological Foundation for Socialism?*, *The New Sensibility*, *Subverting Forces—in Transition*, and *Solidarity*.

1984 is George Orwell's terrifying vision of a totalitarian future in which everything and everyone is slave to a tyrannical regime lead by The Party. Yet Big Brother will not tolerate dissent - even in the mind. For those with original thoughts they invented Room 101. . . . This book is based on an expert group meeting entitled 'Male Roles and Masculinities in the Perspective of a Culture of Peace', which was organised by UNESCO in Oslo, Norway in 1997, the first international discussion of the connections between men and masculinity and peace and war. The group consisted of researchers, activists, policy makers and administrators and the aim of the meeting was to formulate practical suggestions for change. Chapters in the book consist of both regional case studies and social science research on the connections of traditional masculinity and patriarchy to violence and peace building. Her story reflects the experiences common to many Indian communities in Latin America today.

Rigoberta suffered gross injustice and hardship in her early life: her brother, father and mother were murdered by the Guatemalan military. She learned Spanish and turned to catechist work as an expression of political revolt as well as religious commitment. The anthropologist Elisabeth Burgos-Debray, herself a Latin American woman, conducted a series of interviews with Rigoberta Menchu. The result is a book unique in contemporary literature which records the detail of everyday Indian life.

Rigoberta's gift for striking expression vividly conveys both the religious and superstitious beliefs of her community and her personal response to feminist and socialist ideas. Above all, these pages are illuminated by the enduring courage and passionate sense of justice of an extraordinary woman.
