Your birth chart is a snapshot of the sky taken at the moment and place of your birth, one that reflects your character, personality, strengths, and challenges. But the moment after that picture was taken, the planets moved on--some quickly, some very slowly. Astrologers call the moving planets "transits," and by comparing their movements to your birth chart you can gain a complete view of how best to prepare for challenges, meet opportunities, and stay grounded in a constantly-changing world. In *Astrological Transits*, astrologer April Elliott Kent will guide you through the best ways to make the most of your birth chart. Learn how to make the most of good transits and harness and transform the energy of "bad" ones. You'll also understand planetary cycles and anticipate your own transits. Finally, you'll know how to read planetary return charts, work with planetary retrogrades, and use eclipses to recognize major patterns and turning points in your life. If you are comfortable reading a birth chart, you are ready to move your chart into the future using transits. Instructions, tables, and worksheets will make tracking your transit cycles simple and exciting!

In *Future Signs* the readers are told the different ways a "transit" planet in the sky making "contact" with sensitive zones in their birth horoscope can manifest. Helpful suggestions are provided - both to take full advantage of opportunities and to minimize difficult periods - or learn where the silver lining of a dark cloud is.

It is important to understand how both play, in the way a horoscope is read out and predications made. Astrological progressions use a set of methods to determine how a horoscope has moved forward in time. Now-a-days, astrologers no longer predict actual events. Instead what they do is bring out various general astrological events in order to have better results and give importance to arbitrary and unrelated events. Transit of planets talks about the technique of making predictions on the basis of current position of planets on the horoscope of native. The main objective of Astrology is to predict the future of the native with the help of his horoscope. For making accurate prediction it is necessary to make an analysis of three factors. These three factors are YOGAS formed with the combination and permutation of planets, 2nd important factor is periods (dasa) and 3rd factor is transit. When a person comes with a query, first of all it should be analyzed that the query is related with which house, planets, the planet occupying this house and the planets aspecting this house. The determination of the auspicious or inauspicious results of that house shall be done by analyzing three factors. These are house, house Lord and significators. For example if the question asked is regarding marriage in that case we shall see that which planets are there in seventh house, this house is aspected by which planets. Marriage yoga for the possibility of marriage is there or not and in addition to that the position of significator of 7th house i.e. Jupiter/Venus should be analyzed. For females the significator of 7th house is Jupiter and for males the natural significator of 7th house is Venus. By analyzing the placement, combination, and benefic or malefic impact of these planets we conclude whether auspicious yoga for the possibility of marriage is there or not. After Yoga next important factor to be considered is major or sub period, the duration of main period is a long and sub period's duration also can be 6 months or more than 2 years therefore, in order to predict the timing of an event during these 2 years the help of transit can be taken. Therefore, for predicting an event the importance of transit should be considered. Although it is a matter of long discussion to determine whether transit predictions should be made on the basis of ascendant sign or moon sign. For supporting the predictions from both, scholars have given logical and justifiable opinions. But, the conclusions that we have derived on the basis of our experience advocate that auspiciousness or inauspiciousness of the transit results of planets should be done on the basis of moon sign and what type of results i.e, which house results it shall yield would be decided on the basis of ascendant sign. For instance if moon is positioned in 7th house and the sign of Leo is there, therefore transit of Saturn into this sign shall cause negative impact of Saturn's SADHESATI because transit of Saturn into Leo shows inauspicious results therefore there can be delay or problems in marriage and married life. Similarly what can be the results of transit of planets by considering the other important factors has been taken into account in this book. Because of lack of availability of books in the field of transit predictions this book has been written for catering the need of students of all India Federation of Astrologer's Societies Delhi. This book shall be of immense help for solving the problems of students while studying the techniques of making predictions.
