When a new woman named Isabelle moves in next door to Essie, she is an immediate object of curiosity in the neighborhood. Why single, when everyone else is married with children? From New York Times bestselling true crime author John Glatt comes the devastating story of the Turpins: a seemingly normal family whose dark secrets would shock and captivate the world. On January 14, 2018, a seventeen-year-old girl climbed out of the window of her Perris, California home and dialed 911 on a borrowed cell phone. Struggling to stay calm, she told the operator that she and her 12 siblings—ranging in age from 2 to 29—were being abused by their parents. When the dispatcher asked for her address, the girl hesitated. "I've never been out," she stammered. To their family, neighbors, and online friends, Louise and David Turpin presented a picture of domestic bliss: dressing their thirteen children in matching outfits and buying them expensive gifts. But what police discovered when they entered the Turpin family home would eclipse the most shocking child abuse cases in history. For years, David and Louise had kept their children in increasing isolation, trapping them in a sinister world of torture, fear, and near starvation. In the first major account of the case, investigative journalist John Glatt delves into the disturbing details and recounts the bravery of the thirteen siblings in the face of unimaginable horror.

Fookwire is upset, but not nearly as upset as the squirrels, who devise an ingenious plan to stop Muffins cold. In this hilarious follow-up to Those Darn Squirrels!, the tongue-in-cheek text is perfectly complemented by the quirky, inventive illustrations.
