

Thomas Cromwell The Rise And Fall Of Henry Viii's Most Notorious Minister

How does a Black kid from North Philly wind up playing polo? The much-anticipated sequel to *Ghetto Cowboy*, now a major motion picture starring Idris Elba and *Stranger Things*'s Caleb McLaughlin. When Cole moves in with his dad, Harp, he thinks life will be sweet--just him and his horse, Boo, hanging out with Philadelphia's urban cowboys. But when Harp says he has to get a job, Cole winds up as a stable hand for the polo team at George Washington Military Academy, where the players are rich, white, and stuck-up--all except Ruthie, the team's first and only girl, who's determined to show the others she can beat them at their own game. As Cole and Ruthie become friends--and maybe more--he starts imagining his future, maybe even at the academy. But between long workdays, arrogant polo players, and a cousin trying to pull Cole into his dangerous business, that future seems remote. Will Cole find the courage to stand and be seen in a world determined to keep him out? With striking illustrations by Jesse Joshua Watson, celebrated author G. Neri's novel weaves themes of tenacity and community into a rousing sports story inspired by Philadelphia's real-life urban cowboys and polo players. Thomas Cromwell rose from very humble beginnings to become Henry VIII's chief minister, his right-hand man during the English Reformation. He wielded enormous power while he retained the king's favour, but the failure of Henry's marriage to Anne of Cleves, which Cromwell had arranged, led to his swift downfall and execution. John Schofield's biography reveals that the popular image of him as a blood-stained henchman is largely fictional. Detailed research into contemporary sources illuminates his brilliant mind and his love for and patronage of the arts and humanities, while short case studies shed new light on his relations with, and his reputation among, Henry VIII's subjects. The final part narrates the drama of his downfall, and the king's posthumous exoneration of the 'most faithful servant he ever had.'

How much does the Thomas Cromwell of popular novels and television series resemble the real Cromwell? This meticulous study of Cromwell's early political career expands and revises what has been understood concerning the life and talents of Henry VIII's chief minister. Michael Everett provides a new and enlightening account of Cromwell's rise to power, his influence on the king, his role in the Reformation, and his impact on the future of the nation. Controversially, Everett depicts Cromwell not as the fervent evangelical, Machiavellian politician, or the revolutionary administrator that earlier historians have perceived. Instead he reveals Cromwell as a highly capable and efficient servant of the Crown, rising to power not by masterminding Henry VIII's split with Rome but rather by dint of exceptional skills as an administrator."

Hilary Mantel's *Wolf Hall* trilogy is like a sixteenth-century tapestry: we all wonder at its beauty and skill, but many will want to turn it over and distinguish between the fictional warp and the historical weave. For those curious minds, Lauren Mackay's learned, eminently readable, and gorgeously illustrated *Wolf Hall Companion* neatly helps pick apart the threads.

The New York Times bestselling collection, from the Man Booker prize-winner for *Wolf Hall* and *Bring Up the Bodies*, that has been called "scintillating" (*New York Times Books Review*), "breathtaking" (NPR), "exquisite" (*The Chicago Tribune*) and "otherworldly" (*Washington Post*). "A new Hilary Mantel book is an Event with a 'capital 'E.'"—NPR "A book of her short stories is like a little sweet treat."—USA Today (4 stars) "[Mantel is at] the top of her game."—Salon "Genius."—The Seattle Times One of the most accomplished, acclaimed, and garlanded writers, Hilary Mantel delivers a brilliant collection of contemporary stories In *The Assassination of Margaret Thatcher*, Hilary Mantel's trademark gifts of penetrating characterization, unsparing eye, and rascally intelligence are once again fully on display. Stories of dislocation and family fracture, of whimsical infidelities and sudden deaths with sinister causes, brilliantly unsettle the reader in that unmistakably Mantel way. Cutting to the core of human experience, Mantel brutally and acutely writes about marriage, class, family, and sex. Unpredictable, diverse, and sometimes shocking, *The Assassination of Margaret Thatcher* displays a magnificent writer at the peak of her powers.

Unlock the more straightforward side of *Wolf Hall* with this concise and insightful summary and analysis! This engaging summary presents an analysis of *Wolf Hall* by Hilary Mantel, which follows Thomas Cromwell as he rises from humble beginnings as a blacksmith's son to a position of virtually unmatched influence at the court of Henry VIII. Intrigue and scheming abound as Henry struggles to secure an annulment to his marriage to Katharine of Aragon and wed her lady-in-waiting Anne Boleyn, radically transforming religion in England in the process. *Wolf Hall* won the Man Booker Prize in 2009, with its sequel *Bring Up the Bodies* receiving the honour in 2012, making Mantel the first living British writer and the first woman to be awarded the prestigious prize on two occasions. Find out everything you need to know about *Wolf Hall* in a fraction of the time! This in-depth and informative reading guide brings you: • A complete plot summary • Character studies • Key themes and symbols • Questions for further reflection Why choose BrightSummaries.com? Available in print and digital format, our publications are designed to accompany you on your reading journey. The clear and concise style makes for easy understanding, providing the perfect opportunity to improve your literary knowledge in no time. See the very best of literature in a whole new light with BrightSummaries.com! 'A delicious frisson of danger slithers through every page of the book. Enthralling.' Karen Maitland 'A delicate and detailed portrayal, absolutely beautifully done. Captivating.' Suzannah Dunn 'Rich, vivid and immersive, an enthralling story of the turbulent Tudor era.' Nicola Cornick *MISTRESS CROMWELL* presents the rise of Tudor England's most powerful courtier, Thomas Cromwell, through the eyes of the most important - and little known - woman in his life . . . When beautiful cloth merchant's daughter Elizabeth Williams is widowed at the age of twenty-two, she is determined to make a success of the business she inherited from her father. But there are those who oppose a woman making her own way in the world, and soon Elizabeth realises she may have some powerful enemies - enemies who know the dark truth about her dead husband. Happiness arrives when

Elizabeth meets ambitious young lawyer, Thomas Cromwell. Their marriage begins in mutual love and respect - but it isn't always easy being the wife of an independent, headstrong man in Henry VIII's London. The city is both merciless and filled with temptation, and Elizabeth soon realises she must take care in the life she has chosen . . . or risk losing everything. MISTRESS CROMWELL was previously published as THE WOMAN IN THE SHADOWS. Do you love the novels of Carol McGrath? Have you read THE SILKEN ROSE, her brand new novel, starring one of the most fierce and courageous forgotten queens of England? Available now!

A taut and terrifying trip into a distorting mirror--a novel as tense, immediate, and chilling as the world it depicts. "A Middle Eastern Turn of the Screw with an insidious power to grip."-Time Out

The brilliant #1 New York Times bestseller Named a best book of 2020 by The New York Times, The Washington Post, TIME, The Guardian, and many more With The Mirror & the Light, Hilary Mantel brings to a triumphant close the trilogy she began with her peerless, Booker Prize-winning novels, Wolf Hall and Bring Up the Bodies. She traces the final years of Thomas Cromwell, the boy from nowhere who climbs to the heights of power, offering a defining portrait of predator and prey, of a ferocious contest between present and past, between royal will and a common man's vision: of a modern nation making itself through conflict, passion and courage. The story begins in May 1536: Anne Boleyn is dead, decapitated in the space of a heartbeat by a hired French executioner. As her remains are bundled into oblivion, Cromwell breakfasts with the victors. The blacksmith's son from Putney emerges from the spring's bloodbath to continue his climb to power and wealth, while his formidable master, Henry VIII, settles to short-lived happiness with his third queen, Jane Seymour. Cromwell, a man with only his wits to rely on, has no great family to back him, no private army. Despite rebellion at home, traitors plotting abroad and the threat of invasion testing Henry's regime to the breaking point, Cromwell's robust imagination sees a new country in the mirror of the future. All of England lies at his feet, ripe for innovation and religious reform. But as fortune's wheel turns, Cromwell's enemies are gathering in the shadows. The inevitable question remains: how long can anyone survive under Henry's cruel and capricious gaze? Eagerly awaited and eight years in the making, The Mirror & the Light completes Cromwell's journey from self-made man to one of the most feared, influential figures of his time. Portrayed by Mantel with pathos and terrific energy, Cromwell is as complex as he is unforgettable: a politician and a fixer, a husband and a father, a man who both defied and defined his age.

The rise and fall of Henry's notorious minister - the most corrupt Chancellor in English history The son of a brewer, Cromwell rose from obscurity to become Earl of Essex, Vice-Regent and High Chamberlain of England, Keeper of the Privy Seal and Chancellor of the Exchequer. He maneuvered his way to the top by intrigue, bribery and sheer force of personality in a court dominated by the malevolent King Henry. Cromwell pursued the interests of the king with single-minded energy and little subtlety. Tasked with engineering the judicial murder of Anne Boleyn when she had worn out her welcome in the royal chamber, he tortured her servants and relations, then organised a 'show trial' of Stalinist efficiency. He orchestrated the 'greatest act of privatisation in English history': the seizure of the monasteries. Their enormous wealth was used to cement the loyalty of the English nobility, and to enrich the crown. Cromwell made himself a fortune too, soliciting colossal bribes and binding the noble families to him with easy loans. He came home from court literally weighed down with gold.

How much does the Thomas Cromwell of popular novels and television series resemble the real Cromwell? This meticulous study of Cromwell's early political career expands and revises what has been understood concerning the life and talents of Henry VIII's chief minister. Michael Everett provides a new and enlightening account of Cromwell's rise to power, his influence on the king, his role in the Reformation, and his impact on the future of the nation. Controversially, Everett depicts Cromwell not as the fervent evangelical, Machiavellian politician, or the revolutionary administrator that earlier historians have perceived. Instead he reveals Cromwell as a highly capable and efficient servant of the Crown, rising to power not by masterminding Henry VIII's split with Rome but rather by dint of exceptional skills as an administrator.

The biography of the blacksmith's son who rose to be Henry VIII's right-hand man.

The future of fiction is neither global nor national. Instead, Matthew Hart argues, it is trending extraterritorial. Extraterritorial spaces fall outside of national borders but enhance state power. They cut across geography and history but do not point the way to a borderless new world. They range from the United Nations headquarters and international waters to CIA black sites and the departure zones at international airports. The political geography of the present, Hart shows, has come to resemble a patchwork of such spaces. Hart reveals extraterritoriality's centrality to twenty-first-century art and fiction. He shows how extraterritorial fictions expose the way states construct "global" space in their own interests. Extraterritorial novels teach us not to mistake cracks or gradations in political geography for a crisis of the state. Hart demonstrates how the unstable character of many twenty-first-century aesthetic forms can be traced to the increasingly extraterritorial nature of contemporary political geography. Discussing writers such as Margaret Atwood, J. G. Ballard, Amitav Ghosh, Chang-rae Lee, Hilary Mantel, and China Miéville, as well as artists like Hito Steyerl and Mark Wallinger, Hart combines lively critical readings of contemporary novels with historical and theoretical discussions about sovereignty, globalization, cosmopolitanism, and postcolonialism. Extraterritorial presents a new theory of literature that explains what happens when dreams of an open, connected world confront the reality of mobile, elastic, and tenacious borders.

The long-awaited biography of the genius who masterminded Henry VIII's bloody revolution in the English government, which reveals at last Cromwell's role in the downfall of Anne Boleyn "This a book that - and it's not often you can say this - we have been awaiting for four hundred years." --Hilary Mantel, author of Wolf Hall Since the sixteenth century we have been fascinated by Henry VIII and the man who stood beside him, guiding him, enriching him, and enduring the king's insatiable appetites and violent outbursts

until Henry ordered his beheading in July 1540. After a decade of sleuthing in the royal archives, Diarmaid MacCulloch has emerged with a tantalizing new understanding of Henry's mercurial chief minister, the inscrutable and utterly compelling Thomas Cromwell. History has not been kind to the son of a Putney brewer who became the architect of England's split with Rome. Where past biographies portrayed him as a scheming operator with blood on his hands, Hilary Mantel reimagined him as a far more sympathetic figure buffered by the whims of his master. So which was he--the villain of history or the victim of her creation? MacCulloch sifted through letters and court records for answers and found Cromwell's fingerprints on some of the most transformative decisions of Henry's turbulent reign. But he also found Cromwell the man, an administrative genius, rescuing him from myth and slander. The real Cromwell was a deeply loving father who took his biggest risks to secure the future of his son, Gregory. He was also a man of faith and a quiet revolutionary. In the end, he could not appease or control the man whose humors were so violent and unpredictable. But he made his mark on England, setting her on the path to religious awakening and indelibly transforming the system of government of the English-speaking world.

Winner of the 2012 Man Booker Prize Winner of the 2012 Costa Book of the Year Award The sequel to Hilary Mantel's 2009 Man Booker Prize winner and New York Times bestseller, *Wolf Hall* delves into the heart of Tudor history with the downfall of Anne Boleyn. Though he battled for seven years to marry her, Henry is disenchanted with Anne Boleyn. She has failed to give him a son and her sharp intelligence and audacious will alienate his old friends and the noble families of England. When the discarded Katherine dies in exile from the court, Anne stands starkly exposed, the focus of gossip and malice. At a word from Henry, Thomas Cromwell is ready to bring her down. Over three terrifying weeks, Anne is ensnared in a web of conspiracy, while the demure Jane Seymour stands waiting her turn for the poisoned wedding ring. But Anne and her powerful family will not yield without a ferocious struggle. Hilary Mantel's *Bring Up the Bodies* follows the dramatic trial of the queen and her suitors for adultery and treason. To defeat the Boleyns, Cromwell must ally with his natural enemies, the papist aristocracy. What price will he pay for Anne's head? *Bring Up the Bodies* is one of *The New York Times'* 10 Best Books of 2012, one of *Publishers Weekly's* Top 10 Best Books of 2012 and one of *The Washington Post's* 10 Best Books of 2012

King-makers - Conspirators - Criminals - Nobles - Seducers The Howard family - the Dukes of Norfolk - were the wealthiest and most powerful aristocrats in Tudor England, regarding themselves as the true power behind the throne. They were certainly extraordinarily influential, with two Howard women marrying Henry VIII - Anne Boleyn and the fifteen-year-old Catherine Howard. But in the treacherous world of the Tudor court no faction could afford to rest on its laurels. The Howards consolidated their power with an awesome web of schemes and conspiracies but even they could not always hold their enemies at bay. This was a family whose history is marked by treason, beheadings and incarceration - a dynasty whose pride and ambition secured only their downfall.

Traces the rise of Henry VIII's advisor from an obscure brewer's son to one who encouraged the king's marriage to Anne Boleyn and the Protestant Reformation, and details his corrupt activities and violent execution.

Thomas Cromwell, chief architect of the English Reformation, served as minister of Henry VIII from 1531 to 1540, the period during which more political and religious reform was accomplished than at any other time in Henry's thirty-seven-year reign. Thus the momentous events of the 1530s are generally (but not universally) attributed to Cromwell's agency. Cromwell has been the subject of close and continuous attention for the last half century, with positive appraisal of his work and achievements as the scholarly norm. In this classroom biography-the first in a generation and the only one now in print-that judgment is largely accepted, though it is combined with earlier and more critical assessments that view Cromwell as a disciple of Machiavelli. One distinguishing feature of this study is its overview of Machiavellian thought, along with its overview of Marsilian thought. Marsilius of Padua, fourteenth-century political philosopher and author of *Defensor Pacis*, is widely recognized as the source of Cromwell's reformation ideas; but nowhere is Marsilius explicated. The same is true of Machiavelli-never explicated though said to be (by Reginald Pole, cousin of Henry and cardinal of the church) the source of Cromwell's ideas on statecraft. A second distinguishing feature of the book is its inclusion of an introductory chapter that situates Cromwell in the sixteenth century and shows his connection to important events, characters, and ideas. Thus, while the book is a biography, its focus is broader and its uses more various.

How much does the Thomas Cromwell of popular novels and television series resemble the real Cromwell? This meticulous study of Cromwell's early political career expands and revises what has been understood concerning the life and talents of Henry VIII's chief minister. Rafael Goble provides a new and enlightening account of Cromwell's rise to power, his influence on the king, his role in the Reformation, and his impact on the future of the nation.

How much does the Thomas Cromwell of popular novels and television series resemble the real Cromwell? This meticulous study of Cromwell's early political career expands and revises what has been understood concerning the life and talents of Henry VIII's chief minister. Michael Everett provides a new and enlightening account of Cromwell's rise to power, his influence on the king, his role in the Reformation, and his impact on the future of the nation. Controversially, Everett depicts Cromwell not as the fervent evangelical, Machiavellian politician, or the revolutionary administrator that earlier historians have perceived. Instead he reveals Cromwell as a highly capable and efficient servant of the Crown, rising to power not by masterminding Henry VIII's split with Rome but rather by dint of exceptional skills as an administrator.

In this paper, which launches the *Headstart History Papers* series, Sir Geoffrey Elton, formerly Regius Professor of Modern History at Cambridge University, sets out the essence of his thought on Thomas Cromwell and the challenges to which his views have been subjected. He reviews the career of Cromwell and considers the impact he had on politics in the 1530s.

In the ruthless arena of King Henry VIII's court, only one man dares to gamble his life to win the king's favor and ascend to the heights of political power. England in the 1520s is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years, and marry Anne Boleyn. The pope and most of Europe opposes him. The quest for the king's freedom destroys his adviser, the brilliant Cardinal Wolsey, and leaves a power vacuum. Into this impasse steps Thomas Cromwell. Cromwell is a wholly original man, a charmer and a bully, both idealist and opportunist, astute in reading people and a demon of energy: he is also a consummate politician, hardened by his personal losses, implacable in his ambition. But Henry is volatile: one day tender, one day murderous. Cromwell helps him break the opposition, but what will be the price of his triumph? In inimitable style, Hilary Mantel presents a picture of a half-made society on the cusp of

change, where individuals fight or embrace their fate with passion and courage. With a vast array of characters, overflowing with incident, the novel re-creates an era when the personal and political are separated by a hairbreadth, where success brings unlimited power but a single failure means death.

A Man for All Seasons dramatises the conflict between King Henry VIII and Sir Thomas More. It depicts the confrontation between church and state, theology and politics, absolute power and individual freedom. Throughout the play Sir Thomas More's eloquence and endurance, his purity, saintliness and tenacity in the face of ever-growing threats to his beliefs and family, earn him status as one of modern drama's greatest tragic heroes. The play was first staged in 1960 at the Globe Theatre in London and was voted New York's Best Foreign Play in 1962. In 1966 it was made into an Academy Award-winning film by Fred Zinneman starring Paul Scofield. "A Man for All Seasons is a stark play, sparse in its narrative, sinewy in its writing, which confirms Mr Bolt as a genuine and solid playwright, a force in our awakening theatre." (Daily Mail)

Winner of the Man Booker Prize 2009 Shortlisted for the the Orange Prize 2009 Shortlisted for the Costa Novel Award 2009 `Dizzilyingly, dazzlingly good' Daily Mail 'Our most brilliant English writer' Guardian England, the 1520s. Henry VIII is on the throne, but has no heir. Cardinal Wolsey is his chief advisor, charged with securing the divorce the pope refuses to grant. Into this atmosphere of distrust and need comes Thomas Cromwell, first as Wolsey's clerk, and later his successor. Cromwell is a wholly original man: the son of a brutal blacksmith, a political genius, a briber, a charmer, a bully, a man with a delicate and deadly expertise in manipulating people and events. Ruthless in pursuit of his own interests, he is as ambitious in his wider politics as he is for himself. His reforming agenda is carried out in the grip of a self-interested parliament and a king who fluctuates between romantic passions and murderous rages. From one of our finest living writers, 'Wolf Hall' is that very rare thing: a truly great English novel, one that explores the intersection of individual psychology and wider politics. With a vast array of characters, and richly overflowing with incident, it peels back history to show us Tudor England as a half-made society, moulding itself with great passion, suffering and courage.

Hilary Mantel and Ben Miles' exhilarating stage adaptation of *The Mirror and the Light*, one of 2021's must-see theatrical events, and the long awaited conclusion to the Oliver Award-winning *Wolf Hall* Trilogy.

Thomas Cromwell was a hugely influential figure during the reign of Henry VIII. A devout Protestant, Cromwell helped bring about the Protestant Reformation in England and helped engineer Henry's divorce from Catherine of Aragon so that he could marry Anne Boleyn. Cromwell eventually fell from favor after he arranged the Henry's marriage to Anne of Cleves. He was tried and convicted of treason and heresy and executed.

The Reformation and Counter-Reformation represented the greatest upheaval in Western society since the collapse of the Roman Empire a millennium before. The consequences of those shattering events are still felt today—from the stark divisions between (and within) Catholic and Protestant countries to the Protestant ideology that governs America, the world's only remaining superpower. In this masterful history, Diarmaid MacCulloch conveys the drama, complexity, and continuing relevance of these events. He offers vivid portraits of the most significant individuals—Luther, Calvin, Zwingli, Loyola, Henry VIII, and a number of popes—but also conveys why their ideas were so powerful and how the Reformation affected everyday lives. The result is a landmark book that will be the standard work on the Reformation for years to come. The narrative verve of *The Reformation* as well as its provocative analysis of American culture's debt to the period will ensure the book's wide appeal among history readers.

BIOGRAPHY & AUTOBIOGRAPHY: HISTORICAL, POLITICAL & MILITARY. This is a major biography of Henry's VIII's right hand man, revealing for the first time that the image of a blood stained henchman is largely fictional. Thomas Cromwell was the Henry's VIII's chief minister and principal reformer of the church in one of the most eventful eras in English history.

Set during the same years of Henry VIII's life as *The Tudors*, this book charts his rise as a magnificent and ruthless monarch immortalized as a domineering king, notorious philanderer, and the unlikely benefactor of a new church, Henry VIII became a legend during his own reign. Who, though, was the young royal who would grow up to become England's most infamous ruler? Robert Hutchinson's *Young Henry* examines Henry Tudor's childhood beginnings and subsequent rise to power in the most intimate retelling of his early life to date. While Henry's elder brother Arthur was scrupulously groomed for the crown by their autocratic father, the ten-year-old "spare heir" enjoyed a more carefree childhood, given prestige and power without the looming pressures of the throne. Everything changed for the young prince, though, when his brother died. Henry was nine weeks shy of his eighteenth birthday when he inherited both his brother's widow and the crown. As King, Henry preferred magnificence and merriment to his royal responsibilities, sweeping away the musty cobwebs of his father's court with feasting, dancing, and sport. Frustrated, too, by the seeming inability of his wife, Katherine of Aragon, to produce an heir, Henry turned his attention to a prospective second queen whose name would endure as long as his: Anne Boleyn. With the king still lacking a successor by the age of 35, however, the time for youthful frolic had come to an end. Divorcing his wife and the Catholic Church, executing his lover and his violent will, Henry charged forward on a scandalous path of terrifying self-indulgence from which there was no turning back. *Young Henry* is an illuminating portrait of this tyrannical yet groundbreaking king—before he transformed his country, and the face of the monarchy, irrevocably.

"An exceptional and compelling biography about one of the Tudor Age's most complex and controversial figures." —Alison Weir Thomas Cromwell has long been reviled as a Machiavellian schemer who stopped at nothing in his quest for power. As King Henry VIII's right-hand man, Cromwell was the architect of the English Reformation; secured Henry's divorce from Catherine of Aragon and plotted the downfall of his second wife, Anne Boleyn; and was fatally accused of trying to usurp the king himself. In this engrossing biography, acclaimed British historian Tracy Borman reveals a different side to one of history's most notorious characters: that of a caring husband and father, a fiercely loyal servant and friend, and a revolutionary who was key in transforming medieval England into a modern state. Thomas Cromwell was at the heart of the most momentous events of his time—from funding the translation and dissemination of the first vernacular Bible to legitimizing Anne Boleyn as queen—and wielded immense power over both church and

state. The impact of his seismic political, religious, and social reforms can still be felt today. Grounded in excellent primary source research, Thomas Cromwell gives an inside look at a monarchy that has captured the Western imagination for centuries and tells the story of a controversial and enigmatic man who forever changed the shape of his country. "An intelligent, sympathetic, and well researched biography." —The Wall Street Journal "Borman unravels the story of Cromwell's rise to power skillfully . . . If you want the inside story of Thomas Cromwell . . . this is the book for you." —The Weekly Standard "An engrossing biography. . . . A fine rags-to-riches-to-executioner's-block story of a major figure of the English Reformation." —Kirkus Reviews "An insightful biography of a much-maligned historical figure." —Booklist

Winner of the Man Booker Prize Shortlisted for the the Orange Prize Shortlisted for the Costa Novel Award `Dizzilyngly, dazingly good' Daily Mail 'Our most brilliant English writer' Guardian

The English reformers of the 1530s, with Thomas Cromwell at their head, continued to have a strong belief in kingly rule and authority, in contrast to their radical approach to the power of the Pope and the Roman Catholic Church. Resisting the king was tantamount to resisting God in their eyes, and even on a matter of conscience the will of the king should prevail. Yet just over 100 years later, Charles I was called the 'man of blood', and Oliver Cromwell famously declared that 'we will cut off his head with a crown on it'. But how did we get from the one to the other? How did the deferential Reformation become a regicidal revolution? Following on from his biography of Thomas Cromwell, John Schofield examines how the English character and the way it perceived royal rule changed between the time of Thomas Cromwell and that of the great-great-grandnephew Oliver.

The Tudors retained only a precarious grip on the crown of England, founded on a title that was both tenuous and legally flimsy. This left them preoccupied by two major obsessions: the necessity for a crop of lusty male heirs to continue their bloodline, and the elimination of threats from those who had strong, if not superior, claims to the throne than them. None was cursed more by this rampant insecurity than Henry VIII. The king embodied not only the power and imperial majesty of the monarchy, but also England's stature and military might. His health always had huge political consequences at home and overseas - hence his unbridled hypochondria. Henry's last six years saw him embark on two marriages, brutal wars against Scotland and France and the devastating collapse of England's economy. Terror stalked his court, as factions plotted in the shadows behind the throne to snatch ascendancy in religion and political influence. Drawing on the latest historical and medical research, Robert Hutchinson reveals the extent to which the king also grappled with accelerating geriatric decay, made more acute by medical conditions that were not only painful but transformed the monarch into a 28-stone psychotic monster, suspicious of everyone around him, including those most dear to him.

Examines the intelligence war behind the sea battles of 1588 to reveal lesser-known factors that led to England's dramatic victory, challenging popular theories to argue that the Spanish Armada was defeated by inclement weather and bad luck. By the author of *Young Henry*. 25,000 first printing.

Retha Warnicke's fascinating and controversial reinterpretation focuses on the sexual intrigues and family politics pervading the court, offering a new explanation of Anne's fall. *Real Life Drama* is the classic history of the remarkable group that revitalized American theater in the 1930s by engaging urgent social and moral issues that still resonate today. Born in the turbulent decade of the Depression, the Group Theatre revolutionized American arts. Wendy Smith's dramatic narrative brings the influential troupe and its founders to life once again, capturing their joys and pains, their triumphs and defeats. Filled with fresh insights into the towering personalities of Harold Clurman, Lee Strasberg, Cheryl Crawford, Elia Kazan, Clifford Odets, Stella and Luther Adler, Karl Malden, and Lee J. Cobb, among many others, *Real Life Drama* chronicles a passionate community of idealists as they opened a new frontier in theater.

Proud, greedy, corrupt and driven by overwhelming personal ambition. Such is the traditional image of Thomas Wolsey, Lord Chancellor, Archbishop of York, Bishop of Winchester, Abbot of St. Albans, Bishop of Tournai and Papal Legate. It is an image which Peter Gwyn examines, challenges and decisively overturns in this remarkable book. From exceedingly humble beginnings Wolsey rose to a pinnacle of power unsurpassed by any other British commoner. Peter Gwyn explores every aspect of the Cardinal's career - not least his relationship with Henry VIII - and sets it firmly in a vividly recreated Tudor world. The Wolsey who emerges is a man of prodigious energy and ability, a tireless dispenser of justice, an enlightened reformer wholly dedicated to his king and country - a man who has been consistently misrepresented and maligned for four-and-a-half centuries.

"Offers hope in the face of desperate odds" – ELLE Magazine, ELLE's Most Anticipated Books of Summer 2020 "[D]isturbing and unforgettable memoir... This wrenching story brings to vivid life the plight of the many families separated at the U.S.-Mexico border." – Publisher's Weekly, STARRED REVIEW "[The] haunting and eloquent... narrative of a Guatemalan woman's desperate search for a better life." -Kirkus, STARRED Review Compelling and urgently important, *The Book of Rosy* is the unforgettable story of one brave mother and her fight to save her family. When Rosayra "Rosy" Pablo Cruz made the agonizing decision to seek asylum in the United States with two of her children, she knew the journey would be arduous, dangerous, and quite possibly deadly. But she had no choice: violence—from gangs, from crime, from spiraling chaos—was making daily life hell. Rosy knew her family's one chance at survival was to flee Guatemala and go north. After a brutal journey that left them dehydrated, exhausted, and nearly starved, Rosy and her two little boys arrived at the Arizona border. Almost immediately they were seized and forcibly separated by government officials under the Department of Homeland Security's new "zero tolerance" policy. To her horror Rosy discovered that her flight to safety had only just begun. In *The Book of Rosy*, with an unprecedented level of sharp detail and

soulful intimacy, Rosy tells her story, aided by Julie Schwieter Collazo, founder of Immigrant Families Together, the grassroots organization that reunites mothers and children. She reveals the cruelty of the detention facilities, the excruciating pain of feeling her children ripped from her arms, the abiding faith that staved off despair—and the enduring friendship with Julie, which helped her navigate the darkness and the bottomless Orwellian bureaucracy. A gripping account of the human cost of inhumane policies, *The Book of Rosy* is also a paean to the unbreakable will of people united by true love, a sense of justice, and hope for a better future.
